MADOC REVIEW

THE VOICE OF MADOC AND CENTRE HASTINGS
HASTINGS COUNTY'S OLDEST WEEKLY NEWSPAPER

Vol. 97, No. 32

Madoc, Ontario, Thursday, August 8, 1974

15¢ Single Copy

Spiders don't frighten her!

Most girls run away from spiders. But Susan Kilpatrick, 9, of Durham Street, Madoc, along with some other area youngsters, make them. Toy ones, that is. Susan displays one of the species she made

while attending the Opportunities For Youth SHAFT arts and crafts program at Madoc Senior Public School. [Madoc Review Photo by Don Mullan.]

Two ponies killed by Tweed van

A van travelling in the Boagart area of Hungerford Township early Friday morning struck and killed two ponies wandering on the roadway, Madoc Provincial Police report.

Driver of the van was Jorg Schneider, 28, of RR 4, Tweed. His van had sustained over \$1,000 damage after entering the west ditch of the highway and rolling over.

The ponies were owned by Eddie O'Cain, Sulphide.

Three passengers in the van, Jeffrey Schneider, 12; Robert Campbell, 20, of Toronto, and Jamie Schneider, 15, were all taken to Belleville General Hospital but were later released.

Seriously injured

A Madoc man was seriously injured last week after the car he was driving collided with a second car one-tenth of a mile west of the Ontario Humane Society building on the 2nd concession of Sidney Township.

George Moorcroft, 78, of Peter St., Madoc was taken to Belleville General Hospital. The driver of the other vehicle, John Howard Kennedy, 28, of Sidney St., Belleville received minor injuries in the accident.

400 attend County Holstein twilight meeting

The Annual Hastings County Holstein Club Twilight meeting was held at the farm of Andy Jongenotter, RR 1, Foxboro, recently with an estimated 400 people attending.

Following a supper of fried chicken, the meeting got under way with Club president Alton Goodman as master of ceremonies.

Among the speakers at the meeting, was Dave Houck, National Director for the Holstein Association of Canada who spoke on the showing of cattle.

Hastings County Dairy Princess Karen Doxtator gave a talk on milk and was presented with a corsage of mums. Karen will be representing the county again this year in the Ontario competition at the Canadian National Exhibition in August.

The announcement of a new program followed, made by Clayton Hall.

The program will be called the Quinte Farm Labor Pools and will be operating from the Ontario Milk Marketing Board office in Belleville. The program will be widely advertised and anyone interested may contact the office or manager Ted Embury.

Other speakers at the event were Mel Thomas, EBI representative, Wayne Martin, assistant agricultural representative for Hastings, John Paul, Extension assistant of Hastings County and Gerry Nelson, Holstein-Friesian Fieldman.

Refreshments were available throughout the evening from a booth set up by the Junior Farmers.

Entertainment was provided by one of Arden Lewis' bands from Belleville, sponsored by the Opportunity for Youth program.

Following the meeting, names were drawn for prizes. Don Walker of Stirling won the prize donated by Tucker's Farm Supply. Dick Hurst presented the Diversy Product prizes which were won by Bruce Sills, Belleville; Paul McAvoy, Tyendin-

Dairy Princess addresses crowd

ega; Darryl Seely, Stirling; Bill Pollick, Ivanhoe; Paul McComb, Belleville; Harold Thao, Stirling; Lorna Gunning, RR 1, Tweed; Norm Mc Caw, RR 2, Frankford; and Des Hay.

Festivities concluded with the presentation by Doug Detlor of lawn chairs to Andy Jongenotter in token appreciation for opening his farm for the annual event.

This rock is really valuable!

The rocks seen piled on this table might not appear to be very valuable to the average person. But rock hounds would appreciate the variety, and the value. The rock in the centre, for instance, comes all the way from Arizona and is valued at

\$400. See pictures, and story, regarding a collection of rock that has moved from Madoc to Bannockburn on page 14 in today's Review. (Madoc Review Photo by Karen Jones.)

HE LIKES THE OUTDOORS

TODAY'S CHILD

BY HELEN ALLEN

When you see that eager smile, it's hard to believe that Scott is usually serious and unresponsive with strangers. Scott is five, Anglo-Saxon in descent, tall, sturdy and strong. He has brown hair and blue eyes. A strong-willed boy, he has learned how to get his own way and is determined about it.

Scott's general health is good but he has a catalogue of problems. He has had some convulsions and is on medication. It is not established that he has epilepsy but that he is prone to seizures. However, he has had none for over a year. His speech is unclear and therapy has been recommended. He has a short attention span, is somewhat hyperactive and appears to be generally behind in development.

Added to all that, the middle and fourth fingers on both hands are bent. Scott can move the fingers and close them fully, but cannot straighten them.

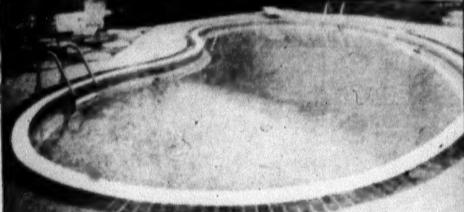

Scott plays relatively well with children of all ages, though sometimes frustrated when he cannot keep up with them. He likes to be outdoors and loves to climb or ride his tricycle. He enjoys coloring and playing with blocks.

His potential is not known but the school psychologist has recommended he be enrolled in regular kindergarten.

Scott needs a mother and father who will not be dismayed by his medical history and who can be patient until he is ready to respond to them.

To inquire about adopting Scott, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

Legion members will find new program awaiting

When local branches of the Royal Canadian Legion resume activities in September, members will find waiting for them a complex and far-reaching new program.

Action, A Committee To Improve Our Nation, will be getting underway this year, after almost 20 months of discussions, deliberations and investigations by the Legion members initially involved.

First presented at the Legion's 25th Dominion Convention in St. John's, Nfld., June 7, the program is a comprehensive effort to improve the quality of Canadian life.

In their presentation, the committee members likened the problems facing Canada today to an ever-widening abyss. It can, they said, be ignored in the hopes that it will go away, or it can be overcome with the help of the concerned citizens of the country.

The Royal Canadian Legion, they said, would be the ideal organization to co-ordinate such an undertaking, since it aspired to no political or financial gains.

Itemizing the most pressing problems to be tackled, the committee began by expressing its concern "with the public's current attitude of disrespect and lessening support for law and order in Canada."

They expressed as "undesirable" the apparent lack of confidence between the police and the public and warned of a widening gap separating the two groups.

The use and abuse of both hard and soft drugs were also a major concern to the committee.

"Of most important concern", they said, "is by what means can the increase in hard drug addiction be restrained."

Under the general heading of "justice", the members criticized the federal government for its "abuse of the 'Royal' prerogative to commute the death sentence."

"There is evidence today that the Canadian public supports the retention of the death penalty for certain crimes. Public opinion is not now reflected in the action of parliament."

Calling for a long hard look at the parole system, the committee cited the lack of personnel supervising criminals on parole as one contribution to failure in many cases.

You and the law

Question - Five years ago when Bob and I were married we drew up a contract to cover what would happen if we ever split up. It covered things like who got what property, who got custody of the children, and what sort of payments I would be entitled to. I was just wondering if this was a valid contract.

Answer - Except possibly with respect to the division of property, the contract is of no legal effect at all. Essentially, what you have done is entered into a separation agreement while you are still living together. Our law considers such contracts invalid because they are contrary to the nature of marriage. You certainly could not force the court to give custody of a child to one or another parent by a contract in any event. The courts must decide custody cases in the best interests of the child.

"More effective control, greater competence and more training," they said, would be needed to better the results of the system.

The "apparent leniency of the courts towards the rich" and the reluctance of the average citizen to assist police or act as witnesses or jurors were also matters of concern.

"The continued protection of the individual rights of citizens is of major concern," the members declared.

"While it is true that a citizen of Canada enjoys more civil liberties at this time than he would in most countries, it is a concern that this may not be so in the future should his privacy continue to be invaded."

The committee also voiced opinions on the decline of the family structure, the need for responsible reporting in the news media, the failure of the government's unemployment programs, foreign influence in Canadian institutions and industries, the environment, the Canadian image abroad and the effect of "selfish regional interests" on Confederation.

"The potential program for the Legion is enormous," the presentation concluded. "Each area of concern must be studied in depth to determine whether the Legion has a role to play in the solution of the problem and if so, what should it do."

The committee proposed that a national advertising campaign be promoted, using slogans, bumper stickers, posters, etc. to keep the public informed as to the progress of the program.

The undertaking, they said, is an ambitious one, but one that is necessary to maintain or better the present way of life.

"We believe that ACTION is probably the Legion's greatest challenge and one truly worthy of our great organization."

Improved dam will provide constant water

The dam in the O'Hara Mill Conservation Area has been improved to provide a more constant water supply in the Mill pond. The flume is currently being reconstructed in order to provide an ample supply of water to turn the turbine which powers the Muley Saw.

This unique sawmill is believed to be the

only one of its type in North America. The Mill pond is fed by Deer Creek, which flows through the conservation area, and proceeds in an easterly direction through the Village of Madoc.

The historic buildings such as the schoolhouse, O'Hara House, implement shed, carpenter's shop, and Mill are

staffed seven days a week by a S.W.E.E.P. crew, who will be present on the site up to and including Labor Day.

The buildings are open to the public from 9 a.m. to 4 p.m. daily, and provide an unequalled opportunity in this area to view the implements used by early settlers, and the means by which they

lived. There are tentative plans to hold a "Pioneer's Day" at the O'Hara Mill when reconstruction of the flume has been completed.

It is hoped a number of implements will be on display and in operation at that time.

Trailer a write-off but family escapes

A Connecticut family holidaying in Canada escaped injury last week when the car in which they were travelling left the road, one-half mile south of the Sidney and Huntingdon borderline on Highway 62.

Mary Lou Reed, 31, of 25 Brookside Dr.

Estimate \$400 damage to Bancroft vehicle

A one car accident, 12 miles north of the village of Madoc last week left an estimated \$400 damage to a car driven by Wayne Edison Hetu, RR 3, Bancroft.

Madoc Provincial Police report that Hetu had attempted to avoid an oncoming car but had skidded into the roadside ditch. No injuries were reported in the mishap.

Two Madoc men receive injuries

Two Madoc men received minor cuts after their car had left the road, striking a number of trees before coming to rest in a shallow part of Madoc Lake.

The driver of the car, Timothy Bronson, 18, 33 Russell Street, told police that he had swerved to miss an oncoming car when he had lost control. A passenger in the car was John Hallstone, 54, of 88 Durham St.

Munro, Conn., was the driver of the car, with her husband and son as passengers.

Madoc Provincial Police report that Mrs. Reed had been towing a large trailer and boat when she lost control of the vehicle.

The car received an estimated \$2,000 damage with the trailer considered a write-off.

Woman heads Property Association

Mrs. Kathleen Engs was elected president of the Crowe Lake Property Owners association at the Annual Meeting held at the Marmora Town Hall last Saturday afternoon.

Mrs. Engs replaces Forrest Dennis who served four one-year terms. Ray Black was elected 1st vice-president and Alex Fraser 2nd vice-president. Gordon Bennett will remain as treasurer and Mrs. Celia Brooks takes over from Mrs. Amy Thomson as secretary.

Clarence Greentree, Vern Caverly, Lloyd Halliday, Alex Fraser and John McCaughran were appointed to serve on a working committee to spot problems and report them to the executive.

MADOC JUDGE

Name field crop winners for Marmora Township

The winners of the 1974 Field Crop Competition sponsored annually for the residents of Marmora Township by the Marmora Agricultural Society have been announced by the secretary, Jim Bateman. The judge this year was Grant Ketcheson of Madoc.

In the Rodney Oats competition, William Doyle was the winner with 77 points, followed by Harold Carman with 74 and Stan Brooks 73. The other entries and points attained were Peter Quinn 72, Thomas O'Connor 71, Everett Derry 71, Douglas Cavry 70, Charles Barrons 69, Ross Kitcher 68 and James Hughes 67.

Morley Chard was the winner of the Ensilage Corn competition with 82 points, followed by Tom Gillett with 80 and Patrick

Bertrand 78. These were followed by John McGregor 77, Charles Barrons 76, Darrell Sophia 67, Everett Derry 67, Stan Brooks 66, William Doyle 64, Harold Carman 60 and James Hughes 58.

Michigan man escapes injury

Charles Emanuel Dreske, of Ferndale, Michigan escaped injury Sunday, after his car had left the road striking a post and highway sign before coming to rest.

The accident had occurred shortly after 8 p.m., on highway 37 at the Ridge Road.

Cooper downs Madoc Rollins Reunion

In the first game of the semi-finals between Cooper and Madoc Ladies, Cooper defeated Madoc by a score of 16-14.

It was a close game with Cooper leading all the way. Cooper started the scoring with six runs in the first inning with Lorna Matthews getting a home run. Madoc came up with a good inning in the third, with five runs. Triples for the Madoc team were hit by Charlotte Bigelow, Barb Brooks and Lynn Deering. Scoring hits for the Cooper team were made by Bonnie Jones, Bonnie Rollins, Sharon Chapman, Kay Wilson, Marg Chapman and Evelyn Bailey.

The annual Rollins Reunion was held July 27, 1974 at Tweed Park.

Prizes awarded were as follows:
Youngest Girl-Lisa Rollins; Youngest Boy-Stuart Tufts; Oldest Lady-Margaret McCurdy; Oldest Gent-Will Rollins; Married the Longest-Howard and Tillie Cooke; Newlyweds-Mr. and Mrs. Bryon Wilson, St. Catherines; Lady and Gent Travelling Farthest-Mr. and Mrs. Geo. Cooke, Sudbury; Largest Family-Jim Rollins. The guessing contest was won by Frank Dickens.

After the meeting was dismissed, game were held at the ball park.

As we see it

Mobile home parks need another look

With the ever increasing cost of feeding and clothing a family, the average Canadian young couple is finding it increasingly difficult to afford to purchase a home of their own.

Indeed, many of these people, especially those in the larger cities, are having difficulties just paying their continually jumping rents.

One of the answers to the housing problem, other than the elimination of the federal sales tax on building materials, and the reduction of home mortgage rates to a more reasonable level, is the creation of mobile home parks.

Provincial housing ministry officials are in the process of exploring possibilities, but haven't yet set any policy on last year's provincial study which advised Premier Davis and his government to encourage mobile home development as part of the total housing supply.

If such homes are to become a factor in lowering home costs, however, it will take provincial leadership because bitter experiences of the past have turned many municipalities firmly against trailer parks.

Their main objections to mobile home parks have, in the past, been far too often justified. Some such camps, flushed out of parts of Ontario several years ago, were undisguised slums.

Fed up with complaints about sewage-filled ditches, rat infestation, crowding, noise and effects on neighboring areas, councils felt the best way to protect their communities was to outlaw permanent trailer parks.

Meanwhile, however, municipalities are learning a lot about orderly development and effective subdivision control.

And it stands to reason that if a government intelligent enough to provide adequate services, sensible development rules and a realistic tax rate for stationary homes and apartment buildings is capable of producing equally positive conditions for mobile homes.

Any competent developer could ensure that a house-trailer subdivision was fully equipped with whatever space, public services, streets and parks the law required - exactly as developers do when

Parliament Hill

Nothing major coming in shuffle

By Peter Ward

OTTAWA (CEF)

Before the Trudeau cabinet had even held its first post-election meeting, transmission wires out of the press gallery in the Parliament Buildings were humming with speculative stories about a coming cabinet shuffle. The gossip inside was rife, too, with "facts" and guessing games liberally intertwined so that it was hard to tell the difference.

There were those who thought Mr. Trudeau, now the head of the most stable government in the western world, would perform a major switch of ministerial responsibilities before his government even faced Parliament. There were also those who argued there would be only minor changes at present; a more wide-reaching shuffle in a year or so.

External Affairs Minister Mitchell Sharp let it be known before the election campaign began that it might be time for him to leave the prestigious job he has held since 1968. Trudeau may feel loath to switch Sharp so soon after an election which the minister won handily in his own riding, but should he so decide, there are certainly those in the cabinet who could perform admirably. Communications Minister Gerard Pelletier has been mentioned for the job, and Privy Council President Allan MacEachen is known to want his chance, too.

MacEachen, who was almost solely responsible for the Parliamentary maneuvers which kept the government going through 18 months of precarious minority power, is unsurpassed in tact and the understanding of people in Parliament. Those talents might prove an invaluable asset to the

country should MacEachen get the job.

Then there's Finance. John Turner's shot at the leadership of the Liberal party looks pretty remote at this time, with Mr. Trudeau set for at least four more years in the driver's seat. He would, I imagine, welcome relief from the economic hot-spot, but when the government won the election on economic issues, moving Turner at present does not seem in the cards.

When the time does come for changes in the Finance portfolio, don't be surprised if the job goes to Marc Lalonde, making him the first francophone minister to be assigned that onerous task.

The fortunes of political warfare are kind to some, cruel to others, even after the ballots have been counted. Canadian prime ministers are subject to geographic restrictions when they name their ministers, and that means rapid promotion for some of the western Liberals; continued frustrating allocation to the back benches of some extremely bright Ontario Liberals.

Len Marchand, of Kamloops-Caribou has an excellent chance of becoming a cabinet newboy; so does Joe Guay, of St. Boniface, just outside Winnipeg.

The election has opened immediate opportunity for only two new ministers, unless the PM fires a couple of existing cabinet members to make room for new blood. The defeat of Environment Minister Jack Davis, and the Trudeau promise of restoring fisheries to cabinet status provide two empty slots, and because of that there will likely be a limited game of musical chairs. That is about as far as it will go - a few switches, two new ministers.

A page of opinion — We give you our views, our columnists' views and invite you to present yours in the "As You See It" column.

Queen's Park

Bad beginning

By DONALD FREDERICKS

One of the continuing scandals in Ontario has been the tiny pensions distributed to disabled workers as the result of a compensation accident.

Not only are these pensions small but there has been no increase in their size for a generation despite the ravages of inflation.

Last month Labor Minister John MacBeth got a great deal of favorable publicity across the province by announcing an increase of "up to 60 per cent" in these pensions.

But the 60 per cent increase was given only to those few who have had a pension since 1945 and these individuals are receiving so little that it amounts to nothing (a pensioner receiving \$50. a month will get the magnificent increase of \$30. a month). The average pensioner will only receive a 16 per cent increase and the act has been so worded that many persons will receive nothing at all.

In the Legislature one of the Opposition members related the case of one worker who just two weeks before MacBeth brought in his legislation, had been forced to commute his pension and so would not receive a penny of the raise. The member appealed to MacBeth:

"Does the Minister not realize as recently as two weeks ago some of your people have been forced to commute their pensions? Does he see no injustice there in May having someone receive a letter saying your pension has been commuted and then today reading in the newspaper the good John MacBeth has raised everybody's pension except those we screwed last month? Does the Minister not see anything wrong with that?"

The Hon. Mr. MacBeth replied: Mr. Chariman, I always see the difficulty when time comes along! You set a date whether it is a taxation problem or whether it is a benefit of this nature either before or after the date. It is unfortunate but that's it."

It's a bad beginning for John MacBeth.

they design and build stationary housing projects.

Mobile home parks, like any housing survey, inner city neighborhood or commercial block, can be as bad or as good as the governments allow them to be.

It is not logical or practical to write off the housing potential of mobile homes on the grounds of insufficient development, service and maintenance controls. If a government wants realistic controls it can set and enforce them.

Mobile home parks, where families can acquire three bedroom homes, with living room, kitchen and four-piece bath for under \$14,000 are needed by a growing number of families.

Local governments should not deny them - but instead, welcome them with open arms, and realistic controls.

Who can afford to throw em away?

"Hurray for non-returnable bottles", just think of the time and problems they have saved mankind.

We don't have a half a basement full of soft drink bottles anymore, the store owner

doesn't have to waste space in his store and most of all the store's clerk doesn't have to spend her time counting bottles while someone might be making a cash purchase.

Now they decorate the countryside. What could look prettier than the sun shine sparkling off these bottles as they line our motorways. Don't the broken pieces of glass blend nicely with the rocks at the bottom of our rivers, streams and lakes.

How about the beautiful red stains on juniors shins when he falls off his bicycle and lands on one of these jagged gems. Many fathers have found a new weekend hobby, repairing punctured bicycle tires.

We are not saying people will not throw away returnable bottles but with the high refund on them very few people can afford to.

Better watch out for licorice

If you are suffering heart or kidney ailments, you had better watch out for over-use of licorice.

The federal health department has warned there is a potential danger in the over-use of licorice in certain restricted instances, and notes that it can have serious side effects for elderly people or those suffering heart or kidney ailments.

In days of yore...

50 years ago

While neighbouring towns have been spending large sums of money to induce capital to locate manufacturing plants and have been offering them large concessions in exemptions of taxes and other considerations our enterprising Townsman Mr. Gordon Munro, without any such inducements has established a mining plant in the village of Madoc, and is using a air drill run by steam, for operating the plant. Here Mr. Munro has already contracted with a Toronto company to ship to the city of Toronto this rock to be used in the construction of the St. Clair Avenue bridge. Mr. Munro has also discovered that some of the bi-products of this rock possesses valuable road-making qualities and has already entered into a contract with Madoc Village to supply the dust of this red hematite rock which when placed on the road cements very readily and makes an exceedingly valuable bond for road-making uses.

What might have been a sad drowning accident occurred on Sunday afternoon at Moira Lake. Mr. and Mrs. Lummis Reeves were paddling on Moira Lake, near the bridges, when some children, who were playing on the bridge commenced throwing stones into the water to splash the occupants of the canoe. Mrs. Reeves in order to dodge the stones ducked and upturned the canoe. Mrs. Reeves was unable to swim but had presence of mind enough to hold on to the upturned canoe. Mr. Reeves, who found himself entangled in a trolling line gave very little assistance but managed to shove the canoe to one of the old stone piers where help was given them.

On Saturday, August 2nd, at the home of Mr. and Mrs. Hiram Dafoe, Harold, Mr. Harold Jones Bailey, son of Mr. and Mrs. Gibson Bailey, of Cooper, and Miss Flora Ella Keller, daughter of Mr. and Mrs. Stephen Keller, of Huntingdon, were united in matrimony, Rev. E. M. Cook, of Ivanhoe, officiating. The young couple were unattended, the bride being given away by her father. A goodly number of near relatives and friends were present and their esteem was manifested in the choice array of gifts to the bride. Mr. and Mrs. Bailey go with the best wishes of all their friends to take up their residence at Cooper.

Farmers have started threshing and plowing for the first this season.

A citizen remarked that he never saw so many cars in Madoc, at one time as there were last Saturday night. Durham Street was closely packed with cars from the St. Lawrence Hotel to the Empire Theatre and St. Lawrence Street from the Methodist Church to Thos. H. Thompson's residence, as was almost every available parking place and this notwithstanding the fact that the weather was of the most unfavourable kind. The reader may well ask the cause of this great multitude of people and of cars. It was a simple announcement by Mr. Frank Smith, our popular Ford King that Henry Ford was to give a demonstration by means of moving pictures in the Madoc Armouries, of the products of his factories. The demonstration showed the startling fact that all of the cars and trucks of every make, manufactured in 1923 over one half were the products of the Ford Shops. The statement of this almost unbelievable fact is one of the best proofs that could possibly be given not only of the output of this one of the greatest manufacturing establishments of the world, but also a proof of the quality, the character and the utility of a product which demanded by such a large percentage of users. At the close of the demonstration a dance was given at which the Madoc Orchestra which had furnished the music during the pictures also provided the musical program for the dance, which did not break up until midnight.

24 years ago

The Madoc Juniors won the Madoc District Softball League honours by defeating Eldorado three straight games in the league finals. The Madoc boys will

now meet Tweed in a three game series, with the first game in Tweed on Monday night.

A baby girl was born on Tuesday to Princess Elizabeth, heir presumptive to the throne, touching off jubilant celebrations throughout the Commonwealth. "Both doing well" was the official report on mother and daughter, who becomes third in line of succession to the throne. She is the second child of Princess Elizabeth and Prince Philip. Their first, Prince Charles, is 21 months old. The baby princess weighed six pounds, an official announcement disclosed.

George D. Fleming, son of ex-warden and Mrs. Thomas Fleming, of Ivanhoe, has joined the Royal Canadian Mounted Police. A naval veteran of the last war, George Fleming, is now stationed at Rockcliffe Barracks, near Ottawa.

It was announced in a list of local fair dates that Madoc Fair would be held October 3rd and 4th this year.

The Ontario Department of Game and Fisheries has announced an open season on elk this autumn because it has been found they are harbouring an infection of a parasitic disease that it is feared might spread to the deer population. Elk may be shot during the regular deer season north of the French and Mattawa Rivers, Game Minister Scott said recently. Any hunter who has purchased a deer license may try for an elk by getting a necessary permit from a departmental office.

Mr. and Mrs. J. H. Davies announce the engagement of their daughter, Barbara Watson, to Mr. Cyril W. Thompson, son of Mr. and Mrs. G. Thompson of Norwood. The wedding will take place at St. John's Anglican Church, Madoc, on September 9, 1950.

In an Ontario Department of Highways advertisement to young drivers under 24 years old, it was announced that in 1949 drivers in this age group were involved in 256 fatal accidents. The intention of the advertisement was to warn drivers in this age group to drive more carefully in 1950.

15 years ago

The severe electrical storm which passed over this district Saturday afternoon, caused considerable property damage and injured one person. The storm was accompanied by a heavy downpour of rain which made driving almost impossible. The property owned by Wilbur Johnson, west of the village, on No. 7 highway, was struck by lightning and badly damaged. A house in Elzevir Township, occupied by John Manley Keller, and all the contents, were completely destroyed by fire after being struck. No one was in the house at the time. In Madoc Village an outbuilding at the home of Mr. Don Love was destroyed during the storm. North of Madoc, a cow owned by Wm. McEwen was killed during the storm. A 1959 Chevrolet car, owned by Percy Cooney was damaged during the height of the downpour when it was in collision with another vehicle. Mrs. Oscar Reynolds suffered burns at her home in Madoc Township, when she was standing near a sink and lightning entered the building.

Duane Pigden, nine-year old son of Mr. and Mrs. Harold Pigden, had the thrill of his life when he hooked and landed a

Frances Prest, Ivanhoe, a pupil at Madoc High School, is one of thirteen young teachers of tomorrow in Ontario, who has been made a recipient of the Federation of Women Teachers' Associations annual student-teacher aid bursaries. The bursary is valued at \$200.00.

The first round of the Ontario Junior Softball playdowns between Madoc and Frankford is all tied up with each team winning its home game. The third and deciding game will be played in Madoc on Saturday night, August 22nd. Madoc won the first game 11-5. Frankford won the second game 14-10. The winner of the series will meet a team from the Kingston area in the second round of the play-downs. In the Madoc line-ups is Ken Phillips, Larry Stickwood, Wayne Shaw, Clayton Whiteman, Dick Chapman, Marvin Johnston, Grant Demille, Kelvin Fox, and Doug Devolin. In the second game, G. Reid replaced Demille and W. Broadborth replaced Fox who were unable to play.

Mr. Arnold Ross was the holder of the winning ticket which won the doll dressed in 25 \$1.00 bills. The draw was held at the

ball game between Frankford and Madoc last Saturday night.

Family

LOCAL AND PERSONAL

Mr. and Mrs. Walter Wannamaker attended the Wannamaker picnic in Tweed and brought home Mrs. Eliza Jane Wannamaker, Corbyville and Mrs. Mary Loney, Belleville, sisters of Mrs. Wannamaker. On Wednesday of the same week they visited Mrs. John Chatterton of Havelock, a sister-in-law. On Friday they received word Mrs. Chatterton had passed away.

The same group had earlier taken a trip to Akron, Ohio.

Congratulations to Mr. and Mrs. Archie Whiteman of Cooper, who celebrated their 15th wedding anniversary on August 1st.

Well represented

Junior Farmers at Summer Games

Hastings County Junior Farmers will be well represented at the annual Provincial Summer Games at the University of Guelph on August 10.

Over 300 regional champions from the six zone field days and the Districts of Nipissing and Sudbury will compete. Another 1,000 spectators are expected to attend cheering on their favourites and later dancing to the music of "The Nite Lites".

Local athletes competing in track and field events are: Barry Ray, R.R. #2 Roslin, 800 and 1600 metre; Colleen Lott, R.R. #2 Roslin, Discus.

Other members participating in events

are: Barbara Morgan, R.R. #2 Stirling, Badminton; and Judy Kelly, R.R. #1 Foxboro, Badminton.

Hastings County's Men's Softball teams, champions of the zone field day held at Uxbridge on July 27, 1974 will compete. Team members are: Bill Hoard, R.R. #1 Foxboro; and Keith Sills, R.R. #2 Roslin.

This year the 30th Anniversary Reunion of the Junior Farmers' Association of Ontario will be held in conjunction with the Summer Games making it a full weekend of activity. The Sunday reunion program includes a presentation to the Ontario Agricultural College on its 100th Anniversary.

Mrs. Catherine Odile Green dies in hospital

On Sunday, July 21st, 1974 at the York County Hospital, Newmarket, Catherine Odile (Kathleen) Green passed away as a result of a short illness. She was 69 years of age.

Born in Tweed, she was the daughter of the late Louis LaChapelle and Clemence Rashotte. Mrs. Green was married in 1932 at St. Basil's Church, Toronto to the late Harry Alexander Green.

She is survived by sons Harry, Toronto; William, Toronto; and daughters Nina, Toronto; Mary (Mrs. Robert Claridge), Newmarket; and four grandchildren, Nancy, Michael, Kevin and Lincoln. Also survived by brothers Edward and James LaChapelle, Tweed. She was predeceased by a sister, Mrs. John (Mary) Abrams and four brothers, Frank, Felix, Joseph and Mitchell LaChapelle.

The funeral was held July 24, 1974 from the Cassidy Funeral Home, Tweed, to St. Carthag's Church for a 10:00 a.m. service, conducted by Monsignor C. E. Baker.

Pallbearers were Louis Abrams, Vince Abrams, Vince Baker, Felix Latendre, Jerome Bergeron and Alphonse DeMarsh.

Interment, St. Carthag's Cemetery, Tweed.

Aquarobic Home Sewage Treatment System Dealer/Service Representative

Applications are invited for the installation and service of this revolutionary alternative to septic tank systems. The AQUAROBIC SYSTEM, accepted by The Ontario Ministry of The Environment, is designed for any dwelling not on a sewage line. It is a home sewage treatment unit requiring only a water pressure system and 110 volt electrical service to operate.

REQUIREMENTS

The successful applicant must:

- Have administrative capabilities
- Be experienced in and familiar with his immediate area
- Be able to estimate installation costs accurately
- Be financially stable and bondable
- Have a minimum of 600 sq. ft. of secure warehouse area

RESPONSIBILITIES

The AQUAROBIC representative will

- Make installations April 15 to October 30
- Perform 4 service checks per year
- Provide 24 hour repair service
- Provide periodic pump out of Aeration Tank

BENEFITS

The AQUAROBIC SYSTEM will provide the Service Installer Representative with:

- A tested and proven new product supported by an extensive advertising and public relations campaign
- An association with a well-established and reputable organization
- Training in the important field of home sewage treatment
- An exclusive new service to offer to customers
- A steady source of additional revenue

For further information and an application form, call

- 1 (705) 549-8991, Penetanguishene, 8 a.m.
- 12 noon
- or 1 (519) 627-3361, Wallaceburg

Summer holidays fun time for students of S.H.A.F.T.

Summer Holidays Are Fun Times (S.H.A.F.T.) is the name of the Opportunities for Youth programme presently being held in the west end of Centre Hastings Secondary School. The project offers recreation such as hikes, games, arts and crafts, trips, and various sports for children, ages three to fourteen, each weekday, from nine a.m. to four p.m.

There are three age groups in which the children are broken up into:

Tadpoles (ages 3-6)
Polywogs (ages 7-10)
Frogs (ages 11-14)

S.H.A.F.T. is staffed by six Gr. 13 students who are Barb Armstrong, Judy Howell, Carolyn Latchford, Dayle Acorn, Larry Keller, and Peter Carroll.

Reflecting on the first month of the programme, the instructors feel that it has been a success and hope that the next month will be also.

Yes! That's right - This year we are 100 years old. Organized August 11th, 1874. Commenced business October 31st, 1874.
AND WE ARE PROUD OF OUR GROWTH DURING THIS TIME.
We closed the books on the First 100 Years with a Surplus of \$540,576 and \$95,444,800 Insurance in Force.
"Our Company was founded for the sole purpose of serving local people, and we are happy to say that, after 100 years, this Founding Ideal still exists."
To help lead the way in our Second Century we have developed an emblem. One which utilizes a large "M" for the mutual aspect our Company was built on and with Maple leaves to denote a true Canadian company.

Bill Smiley

Former school days always move me

by Bill Smiley

Both teachers and students look forward eagerly to the end of the school year, for different reasons.

For the students, especially the younger ones, it's like a rebirth to get out into that beautiful June, out of that hot classroom, away from that cranky teacher. They go belting out that door on the last day like bees coming out of a disturbed bees'-nest.

A few of the more sensitive ones, especially the girls, will trill, "See you next year", or "Have a good summer, Mr. Smiley." The boys leave in a slap-dash, jostling mob, with never a look behind.

And who can blame them? It's been a long ten months. They want to get out and do some real living, to break the routines that even in these permissive days, make school a drag, and for some, unfortunately, a simple bore.

When I was in high school I took off in May or early June for a job on the lake boats, with a tremendous sense of release. I didn't care whether they passed me or failed me. After the first summer, I knew it was going to be four months of drudgery, at coolies' wages, but I didn't care. I was living, seeing new places and new people, and delighting in it.

Yet, strangely, by September, I had a great

nostalgia for school, school friends, football and track and field, and could scarcely wait to start the long hitch-hike home.

Each fall was a joy. Football every day. A new girl, or the old faithful one, to hold hands with on crisp fall evenings. Some money in the pocket, after the summer.

This euphoria lasted until about the end of November. By the middle of January, life and school were deadly dull. The money was pretty well gone. It was too cold for outdoor smooching, and in those days no girl was allowed to have a boy into her house, unless her mother was sitting there looking suspicious and her father sitting there with a gun.

We couldn't afford ski equipment. We were lucky if we could scratch up the price of a hockey game or a night's skating at the rink.

We couldn't afford to smoke or drink or party or tear around, so, on the whole, we were a fairly moral lot. Believe it or not, I was president of a Young Man's Bible Class for three years. My high school principal was the leader, and he forced me into it. I figured I had to stay on the good side of him, or I'd be in high school until I was fifty.

There was only one thing I really learned in those long winters at school. With no money to do anything

else, my gang tended to spend most of our time in the pool room, despite constant abjurations and threats from our mothers.

You have to become good when you are "playing on your nerve." This quaint old expression means you haven't the money to pay the proprietor for your table time, if you lose. Winner plays free. So you either won, or you sweet-talked the boss of the poolroom into adding what you owed to your bill. This was about as easy as President Nixon standing before Congress, hand on heart, saying, "I cannot tell a lie."

It usually meant expulsion from the poolroom, which was like being thrown out of the garden of Eden.

I deplore sentimentality. But sure enough, last class, last day of school, I turned around, and there was a beautiful cake, inscribed, "Best Wishes, Mr. Smiley, from 13B, '74." Even the punctuation right. I was touched.

And astonished, I expressed my admiration and appreciation, and said, "Wait 'till my wife sees this." The response was, more or less, "Your wife, our foot. Look in the paper bag." Sure enough, it contained paper napkins and plastic forks. There was a knife in the cake box. So we had our cake and ate it, communally, and quietly listened to a funny record.

Ronald Eaton dies at home of grandson

Entered into peaceful rest on Sunday, July 28, 1974, at the home of his grandson, Ronald Eaton, Sydenham, Ontario. John Anglin, in his 96th year. Beloved of the late Florence Hall. Dear father of Mrs. G. Eaton (Irene), Sydenham; Mrs. A. C. Collins (Marguerite), Napanee; and Ralph Anglin, Eldorado.

Mr. Anglin was born in Brewers Mills and had lived in Gananoque, Toronto, and a number of years in Eldorado.

As had been previously arranged by the late Mr. Anglin, the service, held from the

James Reid Funeral Home, Cataraqui, was conducted by Rev. G. Hammond, Free Methodist Church. He was assisted by Rev. Jas. Anglin, Huntsville, whose wife, Joan, provided the organ music. Solo, "Home Sweet Home" was sung by Rev. Barclay Warren and a duet, "Until Then" was rendered by grandchildren, Virginia and Ronald Eaton.

Pallbearers were grandchildren: Ronald and Robert Eaton, Jas. Anglin, Hubert Anglin, Elgin Dayo and Richard Rogers.

Interment, family plot, Gananoque Cemetery.

Anglican wedding in Madoc church

Mr. and Mrs. Stanley Kagetsu were married at St. John the Baptist Anglican Church in Madoc. The bride is the daughter of Mr. and Mrs. Robert Wilson. The groom is the son of Mr. and Mrs. Hajime Kagetsu of Toronto. The couple are residing in Imlington.
[Photo by Lloyd's Studio, Tweed]

Tentative agreement provides bigger pay

A tentative agreement has been reached between the Civil Service Association of Ontario and the provincial government that will give nurses in Ontario psychiatric hospitals salaries greater than those recently won by nurses in general hospitals.

The agreement, part of a settlement reached between the government and its Social Services category represented by CSAO, has still to be ratified.

"What did I say wrong?"

Don't argue with the other driver in an auto collision - but do get his auto license number, his name, address, and drivers license number, plus the name and address of any passengers and witnesses to the accident! Then notify the police and your insurance company immediately.

Three milking cows killed by lightning

Mr. Jerry Chapman had the misfortune of losing three of his milking cows on Saturday morning when they were killed by lightning.

Miss Charlene Blaney Maxville and Mrs. Paul Chapman, Huntsville, nieces of Mrs. C.B. McCoy were Tuesday visitors at their home.

Mrs. Norma Cox, Carp and Mrs. George Thompson, Stittsville spent a few days last week with Mr. and Mrs. Rex Rollins and Mrs. F. Parks.

Mrs. Doug Wright, Thomasburg, and Mrs. Don Wright, Roslin were Thursday dinner guests of Mrs. Frank Parks and Mr. and Mrs. Rex Rollins.

Mrs. Tom Lahey, Madoc spent a few days last week with Mr. and Mrs. Jack Dudgeon.

Mrs. Percy Reynolds, Belleville, Mr. Percy Groves, Madoc, Mrs. O. Richardson, Misses Jane and Cathy Richardson, KStirling were Friday visitors of Mr. and Mrs. Allan McCoy.

Miss Darlene Grills and Master Darrell Grills, Rochester, N.Y., are spending some holidays with Mr. and Mrs. Glenn Graham and girls and also with their grandparents, Mr. and Mrs. Leonard Graham in Madoc.

Eldorado highlights

Mr. and Mrs. Donald Dillabough and family are touring the western provinces.

Reverend and Mrs. Wendell Sedgewick are holidaying in England.

Last Wednesday visitors of Mr. and Mrs. Melvin Johnson were Mr. and Mrs. Ralph Wagar of Washington, Michigan and Mrs. Max McCann of Belleville.

Thursday visitors at the same home were Miss Marie Woodhouse and sister Stella Woodhouse of Vancouver, B.C. and sister Frances Woodhouse of Peterborough.

Mrs. George Palmer has returned home from the Belleville General Hospital.

Mr. and Mrs. Wilbur McAdam and family of Thompson, Manitoba were recent visitors of Mr. Roy McAdam.

Area couple collect rocks galore!

Unusual results of mining

Frank and Wendy Melanson display two unusual results of mining. Wendy is holding fluorite rock, commonly known in mining areas as fluorspar. The rock, taken from the Bailey Mine, is green in colour, rarer than the usual purple and

blue. Frank is holding a Lazier crock which was made in Picton before Confederation. He had originally bought the crock for 50 cents; it would now retail for \$85.

OPEN STORE

Hobby leads man to mineralogist work

By Karen Jones

Hawthorneden, well-known in Madoc as the mineral shop formerly located in the Seymour house, Durham St., is now open for business at their new location in Bannockburn.

The new shop is located on the Frank Chamber's property, right hand side on Highway 62 on the way into Bannockburn from Madoc.

Hawthorneden has a new appeal also. Not only are the owners, Frank and Wendy Melanson, dealing in minerals, but also are dealing in antiques, specializing in primitive furniture. Primitive furniture is that which early settlers constructed themselves.

Frank and Wendy collect crocks and old bottles and jars in the Hastings and Prince Edward Counties area. Wendy commented that "Some jars are just collectables, but some are actually antiques which date back to 1856. We have our own personal collection of fruit jars. We buy most of our antiques locally."

Frank and Wendy planned to open the new location a year ago but because they had to blast the basement out of solid bedrock, their plans were delayed a year.

The actual shop is in the house (built in the 1880's). Not only did they remodel this old house but they have built an addition on the back of the old house for their own house.

When asked why they moved to Bannockburn, Frank replied, "It is an ideal location for our mineral and antique business."

Hawthorneden? Why call it that? The name came from the Seymour property which was so called because there used to be hedges of hawthorn bushes around the property.

Wendy was born in Kirland Lake. She is the daughter of Hugh McIntyre, Head Engineer of the Kerr Adison Gold Mines. Before moving to Madoc, she has lived in Hamilton, Toronto and Montreal. In Montreal she worked as a nurse. While in Madoc, she was a teacher at C.H.S.S. teaching special education.

Frank was born in Moncton, N.B. He moved to Montreal where he worked at various jobs until one day while he was in a gravel quarry. In the quarry there were three different types of rock. Frank knew what two of the three were. In search of the identity of the third rock, he saw the mineral collection at McGill university,

New premises

Montreal and a new world opened up for him.

He joined a local mineral collecting club and travelled all over the eastern part of Canada, collecting minerals. Becoming more interested, he found it impossible at the amateur level to do more than he had. So, Frank attended McGill University, continued his education and became a mineralogist.

During this time, Frank and Wendy moved to Montreal where she continued nursing and supported Frank and herself while he attended McGill. At this time, Frank was assistant curator at the university.

Their next move was to Toronto where Frank attended the University of Toronto. Upon completion of his schooling Frank and Wendy decided to open a mineral business.

They liked the Hastings area as this area was highly mineralized and attracts a great amount of collectors.

They purchased property near Bancroft and were going to build, but, on visiting the property, they drove through Madoc and saw the Seymour house for sale.

Frank and Wendy travel to Southern California, Arizona and Mexico each winter, collecting minerals. They also travel to other countries, when they can afford it.

People are invited to bring their own collections to Frank and Wendy to have them valued and to find out what types of rocks they are. Gift items made from rocks are also on sale.

The Hawthorneden is open from 9 a.m. to 9 p.m. every day from May to October. The remainder of the year it is open only by appointment or by chance.

Happy Homemaking

By BARBARA BAKER

To get rid of tree stumps, pour coal oil on them and, on a still day, set them afire. They will burn deep into the ground.

To soften coconut which has hardened, pour a small amount of milk into the coconut. When the milk is absorbed, the coconut is soft.

If you have a problem washing baby's face after meals, give him a clean, wet washcloth and let him do it himself. He not only cleans

his little face, but chews on the washcloth to soothe his itchy gums.

To get rid of moles in your yard, dig down into the mound of dirt, pour gasoline into the hole and cover it over. One half cup of gasoline should be plenty.

A large vase, pitcher or pottery pot on the kitchen counter near the stove can be very useful for holding large cooking spoons, ladles and spatulas.

In the Kitchen

STUFFED PEPPERS

4 medium green peppers
Salted water
1 package (7 oz.) stove top chicken flavor stuffing mix
1/2 pounds bulk sausage
1 can (8 oz.) whole kernel corn, drained
1 cup grated Cheddar cheese

Halve peppers lengthwise; discard stem and seeds. Parboil peppers in boiling salted water 8 to 10 minutes; drain and place in shallow baking dish with 1/8 inch of water. Prepare stuffing mix as directed on package. Sauté sausage until browned; pour off fat. Add sausage and corn to stuffing. Spoon into green pepper halves. Bake at 400 degrees for 30 minutes; then top with cheese and bake 10 minutes longer, or until cheese is melted. Makes 4 cups stuffing mixture or 8 servings.

The continuous flow of water into the bowl is a most common toilet problem. Start by opening the tank on the back of the toilet. Lift the top off carefully and set it down where it will not be damaged. You may find it difficult to replace a broken top and could end up buying an entire toilet.

Water will enter the bowl one of two ways. It will enter through the overflow pipe — the pipe that stands vertically in the tank and is open at the top.

Or the water enters through the opening in the bottom of the tank, an opening kept closed with a rubber ball. Check the level of the water. If it is below the top of the overflow pipe the problem is with the rubber ball that fits into the valve that releases the water into the bowl.

Summer
Precautions ...

Most experienced homemakers have faced insect problems at some time or another. In summertime it's wise to take special precautions with certain foods to avoid insect infestation and cleaning work. Given the right time and environment, insects thrive in dried products and those made from grains, i.e. dried fruits, spices, crackers, noodles, oatmeal, rice, flour, etc.

To discourage insects, try these ideas:
a) buy insect preferred foods in smaller quantities;
b) keep flour, oatmeal and noodles in protective containers (plastic, metal or glass with a tight cover);
c) check older, opened products periodically; when discarding doubtful packages, place in plastic bags.

Mrs. Green is available to talk "shopping" to groups. Call 259-6633 or write - 300 The East Mall, Toronto, Ontario M9B 6B8

MADOC REVIEW

THE VOICE OF MADOC AND CENTRE HASTINGS
HASTINGS COUNTY'S OLDEST WEEKLY NEWSPAPER

Vol. 97, No. 33

Madoc, Ontario, Wednesday, August 14, 1974.

15¢ Single Copy

They're getting ready

It's less than a month to "School Days, School Days, Dear Old Golden Rule Days" and the start of the 1974-75 school year. For the youngsters, it still a time of fun and relaxation amid holidays. But for school custodians, like Mike Runnalls and Joe Quinn of the Madoc Public School, is 'keep

on plugging' to get the classrooms back in tip top shape. They, like other custodians in area schools, have been working hard to freshen up the halls of learning so when teachers and pupils return, they will have the schools ready for them. [Madoc Review Photo by Don Mullan.]

These gals helping !

Nine local girls held a mini-carnival to fight Muscular Dystrophy and related diseases at Madoc Public School Saturday. The girls got their idea for staging the event while watching TV personality Jerry Lewis who stages an annual telethon to fight the disease.

Responsible for organizing the carnival were Jill Taylor and Brenda Hyde. They

were assisted by Kim Lowry, Lori Love, Rhonda Johnston, Wendy Hudson, Anna Bossio, Janet Bossio and Madeline Matacheskie.

The carnival consisted of such things as a bake table, new and used articles, horse rides and games of chance. Prizes were donated by local merchants and residents. The girls raised a total of \$85.23.

New machine for the mine

A new machine is being put into operation at the Canada Talc Industries, Madoc. The machine, "Sien Brute - Model 553 - Dumper" cost approximately \$23,000. The machine will be working in a new section of the mine underground replacing the battery trammer which runs on track.

Van rolls over

\$1,500 damage

Some \$1,500 damage resulted to a 1966 Dodge van when it went out of control and rolled over onto its roof Monday two miles east of the Hastings - Lennex-Addington line.

The vehicle was being driven by Robert Smylie, 42, of Toronto.

One of the two passengers in the vehicle was injured Joel Dorfman, 21, of New York City, was taken to Belleville Hospital complaining of back injuries.

R. J. Wilson of the Kaladar OPP investigated.

According to Robert Kirkwood, the new machine is simply a "changing from track haulage to trackless haulage."

It is planned to begin operating the new dumper above ground for testing by the end of this week.

After tests are completed it will be completely disassembled, taken down into the mine, reassembled, and put into operation.

An open letter to the people of this area

From the Publisher of the Madoc Review

It has been just a little over a month now since Maurice Goulah sold the Madoc Review, and the new owners commenced publication.

We are very pleased with the many favorable comments we have heard; and yes, we also appreciate the brickbats that have been tossed in our direction.

Unfortunately, in the switchover, and in the rush, we have made a few mistakes - and for these we apologize. We don't mean to make mistakes, but unfortunately as all other humans we do. Our big problem, however, is that when we make a mistake everyone in the area sees it. If you make a mistake, perhaps you alone know about it.

As with any new venture, we have a lot of wrinkles to iron out - and we're working on them.

We want the Review to be one of the best community newspapers in Canada, and that is the goal we are striving for.

Another of our publications, The Marmora Herald, won just such an award at the Canadian Community Newspapers Association convention in Toronto this year.

Next year, with your help and co-operation, the Review could well be named number one.

We say with "your help and co-operation" because a newspaper is only as good as the community it serves.

We need your help - and we want it. We want to publish all the local and area news; although at this time of year, with so many organizations on summer holidays; we are in what is known in the newspaper business as "the slack season".

If you know of something that is going on, for gosh sakes, tell us about it. Don't pick up next week's paper and wonder why it isn't there. If we don't know about it, we can't report it.

Perhaps you may be interested in doing more than just giving us the odd news tip. Perhaps you'd really like to join the team we are organizing to win that championship we mentioned earlier.

A special advertisement, calling for applications for various positions, appears elsewhere in today's paper. If you think you'd like the fun and excitement of building a winner, why not apply? It'll be an education in itself, if you land the job.

Producing a newspaper week after week is no easy task; everyone that visits our shop is really surprised at just what does go into producing a home-town community paper.

"We had no idea," they say. Meanwhile, please bare with us as we assemble the team and get things rolling. Remember, Team Canada didn't do all that well against the Russians at first either.

Be patient, and give us a chance to get rolling, and you'll be pleasantly surprised by the Reviews as we roll into high gear.

TODAY'S CHILD

BY HELEN ALLEN

A pleasant disposition can be expected when there is a pleasant expression and Donald has both. Nine years old, Donald is a tall slim boy with dark eyes, brown curly hair and light brown skin. His background is mainly black with one white (Italian) grandparent. He is in good health though inclined to have eczema in hot weather or when he is upset.

Polite, well-mannered Donald has finished Grade 2. He wants to do well in school, partly because he is eager to learn and partly because he is anxious to please the adults in his life. Donald is very responsive to an atmosphere of warmth, firmness and reassurance. His foster mother says there are never any behavior problems as long as this energetic boy is kept busy, so it is hoped his adoption home will provide plenty of running, climbing and game space.

Donald is interested in sports and plays floor hockey at school. He is adept at manual tasks and enjoys building things like go-carts or houses out of packing cases. A helpful lad, he is always happy to join in household chores.

This month, Donald's ambition is to be a pizza delivery man. In the meantime, he hopes for a family of his own where he will have a mother and father and perhaps brothers and sisters. The Children's Aid Society prefers a black or mixed racial home for this engaging youngster.

To inquire about adopting Donald, please write to Today's Child, Ministry of Community and Social Services, Box 888 Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

Should they drive cars?

A campaign by the Canadian Medical Association is underway to help doctors determine whether their patients are physically and emotionally fit to drive a car.

A 43-page booklet issued to doctors across the country listed 16 conditions, ranging from vision defects to drug-treated diseases such as diabetes to the effects of old-age, as reasons that could keep a patient off the road, temporarily or forever. D. A. Geekie, director of communications for the CMA, said while the guidelines were designed for doctors advising patients when not to drive, it is expected several provincial governments will adopt the standards for drivers who must pass a medical examination to obtain a license, such as transport drivers.

Dr. Bette Stephenson, president of the CMA, said "no physician enjoys the task of advising patients not to drive or seeing his assessment used as the basis for provincial authorities to take away a patient's license. But it is a responsibility to the patient, and others he may endanger."

Doctors will be requested to report any patient over 16 years of age who has a

medical condition that makes it dangerous for him to drive or any patient who continues to drive after being warned of the danger by his doctor.

You and the law

Question - I married my first cousin. The marriage hasn't worked out, and I wonder if it wouldn't be cheaper to get an annulment rather than a divorce.

Answer - A decree of nullity may be granted when the parties marry within the prohibited degrees of relationship. But a marriage to your first cousin is not within those degrees, and so it is perfectly valid on these grounds.

IF WE MISSED YOU ONCE, WILL WE MISS YOU AGAIN!

AN IMPORTANT MESSAGE FOR CHERNEY'S FURNITURE WORLD CUSTOMER'S

If you are a Cherney's Furniture World customer, please help us be certain you get all our Preferred Customer Mailings.

Several times a year, we run special events for customers, during hours when the store is not open to the general public. These are home-furnishing "happenings" for our regular customers - by invitation only. Merchandise is specially purchased for these money-saving events, which is not available at any other time.

So, if you've been a good customer of Cherney's but haven't been receiving our special-events invitations, please fill out your name and address on the coupon below. Either mail it to us or drop it by our store.

If we missed you once, we don't want to miss you again.

I am a Cherney's customer and would like to be invited to your next home-furnishing "happening".

OPP check 8 motor vehicle accidents

Eight motor vehicle accidents were investigated by the Madoc Detachment of the Ontario Provincial Police during the past week.

Total damage in the collisions is estimated at \$5,600.

Four persons received injuries and three of these were taken to Belleville General Hospital. Four persons were charged in connection with the collisions.

Five thefts were investigated, with a total of \$4,332.38 worth of goods being stolen. Some \$2,015.20 worth of the loot was recovered.

Five reprints of wilful damage were reported, with loss estimated at \$170.

Ten impaired drivers were arrested and charged.

Five youths were charged on a narcotic case.

Fourteen persons were charged for having liquor.

Approximately 51 other occurrences were investigated, some of which included compassionate to locate, lost markers, found animals and speeders.

Senior Citizens set corn roast for August 21

The regular meeting of Madoc and District Senior Citizens Club was held on July 31st in the United Church Parlour.

The president, Mrs. Jennie Broadworth, was in the chair and opened the meeting with the Lord's Prayer followed by a point of some jokes.

Mrs. Adams had yarn and instructions for anyone caring to knit for the hospital auxiliary. Mrs. Hilda DeClair handed in 2 triangular white shawls.

The minutes of the last meeting were read by Mrs. Johns and approved. There are now 109 members this year.

Bus trips were discussed - more definite information later.

The corn roast will be August 21st. An invitation has been extended to the Senior Citizens to attend Open House in Tweed on Thursday, August 8th, 1 to 4 p.m. for the Senior Citizens Housing.

The hostesses for the next meeting, August 14th, are Mrs. Goldie Ellis, Elizabeth Empey, Margaret Derry, Lillie Empey, Mrs. J. Forbes, and Mrs. Ed Gates.

The afternoon was spent in playing cards and crokinole and visiting.

A delicious lunch was served by the hostesses.

Fog is blamed for early morning car-cow crash

Fog early Tuesday morning resulted in at least one area accident.

James Richard Wood, 28, of R.R. 1, Gilmour, collided with a cow on Highway 62 about one mile north of Eldorado around

6:45 a.m.

Gerald Blackburn, of R.R. 1, Eldorado, was driving a herd of cows across the highway at the time of the mishap. Mr. Wood said the fog was so dense he

didn't see the animals.

The car, a 1974 Ford, spun into the field. Police estimate damage at about \$700. The cow was injured, but no report on its condition was available at press time.

Les Keller tries out the new "Sien Brute - Model 553 - Dumper" machine purchased for the Canada Talc Industries of Madoc. It

will work in a new section of the mine after undergoing some tests. [Madoc Review Photo by Karen Jones.]

13-year-old receives injuries

An 13-year-old boy was injured when the bicycle he was driving came out of a private driveway and ran into a southbound car driven by Brian Richard Olmstead, 24, of Mississauga.

The mishaps occurred just south of the junction of 500 and 41.

Police say about \$400. damage resulted to Mr. Olmstead's Volkswagen, and that the boy was taken to hospital by his parents. The name of the lad, and the extent of his injuries, have not been released.

Sorry, wrong heading

The wrong name appeared in a heading of a death notice carried in the Review last week. The heading said that Ronald Eaton, of Sydenham, had died at the home of his grandson, while the story, which was correct, stated that John Anglin had died at the home of his grandson, Ronald Eaton. We apologize for the error.

What did I say wrong?

Don't argue with the other driver in an auto collision - but do get his auto license number, his name, address, and drivers license number, plus the name and address of any passengers and witnesses to the accident. Then notify the police and your insurance company immediately.

Chatterton Reunion on island

The Chatterton Reunion was held Sunday, August 11th, at Zwick's Island.

The Reunion was small on account of sickness in two families. Mr. and Mrs. Elmer Wannamaker have not returned from their trip to the West Coast. Elmer being the son of Walter and Viola Wannamaker (Viola Chatterton).

There are only 4 of the immediate family of 13 of Mr. and Mrs. Joseph Chatterton of Fort Stewart: Russell of Cobourg, Eliza Jane Wannamaker of Corbyville, Mary Loney of Belleville, and Viola Wannamaker of R.R. #2 Madoc.

Hazzards

By MINNIE MOORCROFT
Review Correspondent

Mr. and Mrs. Ross Moorcroft have returned from their holiday trip into Michigan and Wisconsin where they attended the Experimental Aircraft Association annual convention at Oshkosh. They also called on friends on Manitoulin Island.

Mrs. Arnold Harry and children visited her parents Mr. and Mrs. Allan Ketcheson since their return home from Britain.

Duane Foley, Dennis Southorn and Grant Moorcroft are taking a camping holiday before school begins and will visit friends and relatives in Lakefield, Huntsville and Oshawa.

Rev. Grant Richardson and Mrs. Richardson (Marlene Moorcroft) Allan and Mary and Mrs. George Moorcroft had supper at "Valley Croft" and attended the service at Hazzards in the evening. Mrs. John Moorcroft and Warren were callers in the afternoon.

The annual evening service - a united service for the whole Queensboro-Eldorado charge, with others invited, was held in Hazzards August 11. The Rev. T. Rex Norman of Peterborough, secretary of the Canadian Bible Society for the Bay of Quinte District, brought the message in sermon and movies.

Eighty per cent of the people of the world have no source of Scriptures, except the Bible Society, and the Bible must be translated into the languages of the people, Mr. Norman said.

The Scriptures must be provided either free of charge or much below cost, as many of these people are desperately poor.

"Freewill gifts and offerings help to do this," he said. The offering, taken during the service, amounted to just under \$200.

"There is an unprecedented demand for Scriptures in over 1,300 languages today. In Canada alone, the Bible or the New Testament, are printed in 78 different languages.

It was good to have people from several other churches, some from Madoc Baptist with their minister Rev. D. O. and Mrs. Thamer, from Trinity and also it was nice to welcome so many who had at some time lived in the community - Mrs. Harry Love, Miss Marion Mutton, Mrs. John Moore, Mrs. Earl Burnsdie, Mrs. Priest (Margaret Keene) accompanied by Mrs. Donly, Mrs. Kehoe, daughter and son-in-law and Mrs. Leonard Holmes.

The Queensboro choir provided music

Annual Fox reunion held in Tweed Park

The annual Fox Reunion was held at the Tweed Memorial Park on August 11th with an attendance of 55.

After a delightful dinner the meeting was called to order by the president, Norma Graham. The meeting opened by all singing "The More We Get Together". A minute of silence was held in memory of Molly Holmes who was deceased in the last year and it was decided that Audrey Maxwell send the family a card of sympathy from the Fox Reunion. The minutes of the previous meeting was read and approved.

It was voted that Norma Graham be president, Christie Bailey, vice-president, Linda Graham, secretary-treasurer and Jane Bailey be on the sports committee. Also that the picnic next year be held at the same place the second Sunday in August.

A family tree was started and read by Bessie Keene. It went back as far as 1831. A lot of time and thought was put in this and many thanks to Bessie and everyone who was asked to help carry this on.

The prizes were given out as follows: Youngest baby, Lori Whitelaw; Most Recent Married, Glenn and Judy Graham and Harold and Karen Bailey; Grandmother with most grandchildren present, Leona Bailey with 5; Family Coming the Farthest, Marion and George Schultz and Audrey and Maurice Maxwell, both from Detroit, Michigan; Women with the most rings on, Arleen Pigden with 4; Man with the Longest Hair, Eric Bailey and Tommy Coluson. The spot prize was won by Joan Bailey.

Another reunion came to an end with a beautiful day.

Anti-Rain

The first waterproof fabric was patented in 1823 by a Scotsman, Charles Macintosh, who sandwiched a layer of rubber between two pieces of cloth. Coats made of this fabric became known as "Mackintoshes."

Featuring Coyne, Hazzards, Eldorado, Bannockburn, Kaladar, Cooper, Queensboro, and area.

Here and there around Bannockburn

Mesdames Donly, McEwen and Wood attended Cobourg Camp on Wednesday and report a wonderful day.

Mr. and Mrs. Wm. Simpson and family spent the weekend with friends at Verona.

Congratulations to Burton Sandford who last week observed his 81st birthday. Many relatives and friends called during the week.

Mr. and Mrs. K. Donly and family of Stirling called on the former's mother on Saturday enroute to Madawaska for a week's vacation.

Mr. and Mrs. Jamey Harris and son and

Bill Harris, all of London, spent a few days with Mr. and Mrs. Harris Sr. at their cottage, Steenburg Lake.

Calvin Ball, Belleville, was in charge of the Sunday services at both Bannockburn and Madoc Pentecostal churches Sunday.

Mr. and Mrs. Ray White, Lindsay, spent the weekend in town.

Mrs. Lottie Wood and a number of the family and grandchildren attended the Freeburn reunion at Tweed Sunday.

A number of the young folk enjoyed a ball game on Saturday night at Gunter Lake.

Part time help needed

The Madoc Review is preparing to launch an all out campaign to make this village's community newspaper the 'best in Canada' for its circulation class.

In its efforts to do this, the management is looking for several part time staffers as follows:

OFFICE HELP

Two part time people, one working 9 a.m. to 1 p.m., and the other from 1 p.m. to 5 p.m., Mondays through Fridays. Duties will include typing, book keeping, etc.

NEWS CORRESPONDENTS

Part time people who would be interested in gathering news of the community and area from their own home, and occasionally covering local events 'on the spot'. We need one to look after women's news (teas, socials, anniversaries, etc.) and one to look after local sports.

PHOTOGRAPHER

Part time photographer who would like to take area pictures for publication in the paper. Dark room experience an asset. High school student acceptable.

CHSS CORRESPONDENT

An ideal part time job for a Centre Hastings Secondary School student who would like to develop a column of 'high school news' for weekly publication commencing in September.

APPLY IN WRITING ONLY TO

The Publisher, The Madoc Review, Madoc, Ontario

THE PEOPLE WE SELECT WILL BE PART OF THE TEAM WE ARE BUILDING TO MAKE THE MADOC REVIEW A REAL AWARD WINNER.

EACH WILL BE GIVEN TRAINING ACCORDING TO THE POSITIONS THEY GET.

ONLY DEDICATED PEOPLE, INTERESTED IN THEIR HOME TOWN AND ITS NEWSPAPER, NEED APPLY.

Painting can be lots of fun

Painting can be lots of fun, especially if it is a wee bit different. Heather Clark, 9, of Madoc, found this out in trying string painting at the Opportunities for Youth arts

and crafts class in Madoc Public School, and proudly displays one of her works of art. [Madoc Review Photo by Don Mullan.]

Around Cloyne & area

Miss Bonnie Jackson returned home from Kimberly, B.C., July 18. Bonnie won the trip by N.A.E.C. school at Cloyne. On her trip she visited different interesting places.

Mr. and Mrs. Cameron Dohtery and Tristine of Niagara Falls spent a weekend recently with Mr. and Mrs. Bill Snider, and Mrs. Dohtery's parents, Mr. and Mrs. Harry Cummings. Carole Tristine spent two weeks with her uncle and aunt, Mr. and Mrs. Bill Snider Jr.

Visitors with Mr. and Mrs. Bill Snider St., recently, were Mr. and Mrs. John Miller and family of Hamilton, Mr. and Mrs. Amp Snider and family of Denhigh, Mr. and Mrs. Wayne Snider and family of Denhigh, Mr. and Mrs. Elwood Snider and family of Hartsmere and Mr. and Mrs. Doug Tapping of Oshawa.

Mr. and Mrs. Doug Cummings of Stirling spent the weekend of July 27 with Mr. and Mrs. Ivan Graham at their cottage at R.R. 1, Cloyne.

Mr. and Mrs. Bob Cumming of Belleville spent a week at their cottage recently.

A stag party was held at Pondrousa Hunting for Kevin Muskie July 27. A purse of money was presented, and everyone enjoyed a steak supper.

A wedding shower was held July 27 in honor of Miss Jane Madigan at the home of Mrs. Jim McIcolm (Lorna). Approximately 65 guests attended from Denhigh and surrounding districts. Jane received many lovely and useful gifts. The hostesses were Mrs. Lorna MacCalm and Mrs. Mildred Graham. A delightful lunch was served and all had a very enjoyable evening.

Mr. and Mrs. Earl Cook and family have moved to Kelowna, B.C.

Rick Trachy and Mrs. Marion Trachy spent Saturday evening with Mr. and Mrs. Frank Meeks and family.

We are all very glad to have Mrs. Helen Smith back to our church as minister, as Mrs. Smith is thought as one of the family.

Mrs. Jean Lentz and Mrs. Helen Macpherson called into Kingston General Hospital to visit Mrs. Lentz's sister, Mary Wise, Saturday, July 27. We all wish

Marg a speedy recovery.

Get well wishes to Mrs. Nellie Rogers and Miss Janice Brouwer who are both patients in Renfrew Victoria Hospital.

Mrs. Annie Morris from Edmonton, Alberta, spent two weeks in July with her only living brother, Charles Rose, and Mr. and Mrs. Herb Rose of R.R. 1, Cloyne.

Mrs. Bill Ackroyd and Mrs. Herbert Rose called on Mr. and Mrs. Dannie Teeple and family of Whitby in the forenoon and in the afternoon called on Mr. and Mrs. Jack Louis of Belvidere.

Herb Rose and father, Charles Rose, spent the dinner hour with Herb's sister and Charles Rose's daughter, Mrs. Robert Rosenblath (Hilda) and her family July 28. They spent the supper hour with Mr. and Mrs. Vernie Rose and Linda at Griffith.

Mrs. Edgar Timmberman, and Mrs. Art Gregg, and Gerald Rose, called on their uncle Charles Rose, and aunt Mrs. Annie Morris, recently. They also visited Mr. Rose's and Mrs. Morris' sister, Mrs. Ethel Seeley of Shannondale, Murray Sedley, Keith Seeley, Miss Ann Seley and Mrs. Cora Rose spent Wednesday with Charles Rose, Mrs. Annie Morris and Mrs. Herb Rose.

Mrs. A. J. Piddock of St. Catharines and Miss Valarie Piddock, Tim Piddock and Master Darl Piddock, are at their cottage, R.R. 1, Cloyne.

As we see it

Ontario must take action

Dangerous cargo - such as molten aluminum - can move by truck along our highways, and there is no law to stop it yet.

For the price of a common carrier's license, less than \$1,000 in Ontario, a truck can move acid, inflammables, poisons or molten metal on public roads.

Recently a truck carrying 15 tons of molten aluminum flipped on the Queen Elizabeth Way in west Toronto. The metal, heated to about 1,300 degrees, set fire to everything it reached, including the asphalt road.

There were no deaths or even serious injuries. No charges were laid because the carrier wasn't doing anything wrong.

But the federal government is concerned because Canada is considerably behind both the United States and Europe in this sort of regulation.

A committee met in December last year - sponsored by the federal government and with representatives from all provinces. Chairman of the committee is Duncan Ellison of the ministry of transport in Ottawa.

"It was decided to deal with dangerous cargos on the federal level because of modern freighting methods," says Ellison.

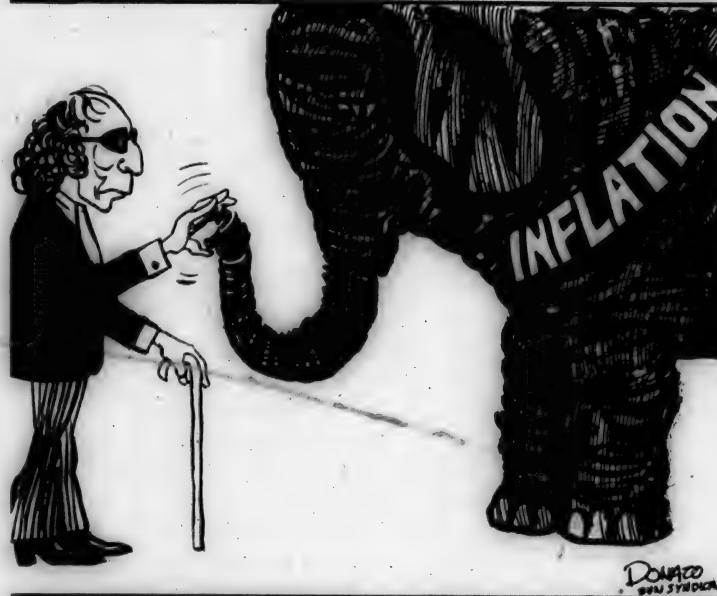

"A sealed container of acid, for instance, can be picked up by truck in Ontario, moved by train to Quebec, put on a ship to Europe, put on a barge, and then be moved by train or truck, all without opening the container."

Unless Ontario's regulations conform with other provinces and other countries, the result could be chaos.

Among other things, the committee is discussing dangerous cargo classification, levelling, shape and strength of containers, specially designed vehicles and quality and quantity of the material.

The election held things up briefly, but Ellison says they hope to have legislation through Parliament this year. By next year there should be laws regulating dangerous truck cargos.

"There is always the problem of balancing the regulations, making them strict enough for public safety, and yet lenient enough so that shipping is not stopped," Ellison said.

Parliament Hill

Fish the big topic down PEI way

NORTH RUSTICO, Prince Edward Island — The national television news, the radio, and the front pages of any newspapers which came to hand were loaded with the intricacies of Greco-Turkish politics, the impeachment of President Richard Nixon and possibilities of permanent crisis in the Middle East.

What were they talking about at this Island fishing village?

Well, the current quasi-strike of the mackerel fishermen was the prime topic, followed closely by condemnations of a federal government which was so stupid that it refused to dredge the harbor bar at the right time of year.

The Ward Family was in limbo, somewhere between the momentous events of July's world news and the joys of the annual down-to-earth session on Prince Edward Island, designed to unwind the bread-winner from the traumas of current events, readying him for the renewed Ottawa political tussle.

One can sometimes forget that in the essential end, news is people, and the issues of the price of mackerel and the undredged Harbor Bar at North Rustico, really are the important questions up here — not the death of thousands on an unknown Mediterranean island, and the come-uppance of a leader too obsessed with power.

Fishermen on Prince Edward Island are not unionized — yet. This summer they tied up their boats because the processing plants refused to pay them more than three cents a

pound for the mackerel we tourists catch for sport, but they net for a living.

They won a dubious victory, even without a union.

By late July the mackerel fishermen at North Rustico were fishing again — and the price had gone up to four cents a pound. To the guy with fish scales on his blue jean jacket, that's a 25 per cent increase. If Gene Whelan were minister of fisheries, instead of agriculture, he'd probably be trumpeting a victory for the forces of food production. Four cents a pound for mackerel truly is a bargain price. But wait, surely that can't be the same mackerel we saw offered at the fish counter of the Charlottetown supermarket for 29 cents a pound? Sorry, but it is. The supermarket fish is only 24 hours from the water, according to claims, and it still has head and entrails intact — part of the 29 cents a pound the customer pays.

If you're looking for the recipient of the 25 cents difference between the fisherman's landing price for Prince Edward Island mackerel and tab for the supermarket shopper, check the books of the processor, who does nothing more than wash the fish, not clean it, and the distributor, and the supermarket itself.

At 29 cents a pound, fresh mackerel is cheap, but any consumer in his right mind would question the justice of the division of the spoils. How about a word for the fishermen, Gene Whelan?

As you see it

Deeply disturbing

Since becoming Minister of Agriculture, I've had the privilege and pleasure of telling Canadians everywhere about the outstanding accomplishments of our farmers and their families in providing us all with the staples of life.

However, there is one set of statistics that I find deeply disturbing — the one dealing with accidents in agricultural and related activities — and the figures are truly appalling. Each year, some 1,400 Canadian farm and rural residents die in accidents on the farm, in rural homes and in traffic. Another 26,000 are injured and disabled. These figures include not only adults but teenagers and children as well.

These tragic figures point to the great need for closer observation of safety practices in and around the farm. That is why the Canada Department of Agriculture solidly supports the principles of Farm Safety Week by co-sponsoring with the Canada Safety Council this campaign to save lives and prevent injury now and throughout the entire year.

I invite my fellow farmers to play an active part in this campaign for their own sake and that of their brothers throughout Canada.

EUGENE F. WHELAN,
Minister of Agriculture.

Eva Elaine Wannamaker, daughter of Mr. and Mrs. Don Wannamaker, R.R. #1 Madoc, Ontario graduated from the Edith Cavell Regional School of Nursing, Belleville, Ontario on Saturday, June 22nd, 1974. Elaine has accepted a position at Kingston Psychiatric Hospital.

Peterborough site of Stewart and Wallace vows

Immaculate Conception Church, Peterborough was the scene of the wedding on Saturday, May 25th of Elizabeth Rosemary daughter of Mr. and Mrs. D. J. Stewart, 327 Sunset Blvd., Peterborough, and Larry J. Wallace, son of Mr. and Mrs. T. J. Wallace, 2347 Kildonan Ave., Ottawa. Rev. Coughlin officiated at the double ring ceremony. Kevin Morris sang during the Mass.

The bride, given in marriage by her father, looked lovely in a long gown of candlelight peau de soie with a chapel train. The bodice and long sleeves were made of guipre lace. Her Juliet cap was in candlelight with matching four-tier illusion veil. She carried a cascade of white orchids and apricot roses and baby's breath.

Matron of honour was Mrs. Deborah Ann Holbrook, of Ottawa, sister of the groom, who wore a long gown of apricot chiffon over taffeta with a ruffle on bottom edge of skirt and matching chiffon stole. Her headdress was a wide brimmed hat in matching shade. She carried apricot roses, tinted carnations and baby's breath.

Bridesmaids were Mrs. Anne Lindale, Ottawa, sister of the bride, Mrs. Judy Stewart, Toronto, sister-in-law of the bride, and Miss Tammy Wallace, Ottawa, sister of the groom. They were dressed similar to the matron of honour and carried identical flowers.

Vicki Cassidy, cousin of the bride, was the flower girl. She wore a Victorian gown of apricot chiffon over taffeta and carried a basket bouquet of talisman rosebuds, tinted carnations and baby's breath.

Best man was Bruce Holbrook, Ottawa, brother-in-law of the groom. Ushers were Ronald Stewart, Peterborough, and Donald Stewart, Toronto, brothers of the bride, and Patrick Dowling, Montreal. They were all dressed identical in chocolate brown tuxedos with tinted carnations.

At the reception held in the parish hall, the bride's mother greeted guests wearing a long gown of mint green peau de soie with matching accessories. She wore a cymbidium orchid and talisman roses corsage.

The groom's mother assisted her wearing a gown of yellow chiffon with appliqued bodice. Her accessories were yellow and she wore a corsage of apricot roses and yellow carnations.

Mr. Brennan Stewart was Master of Ceremonies and the orchestra was the "Merry Men".

After a honeymoon in Hawaii, the couple will reside at 2737 Innis Road, Blackburn.

SEATED — Ben Anderson; E.D. Greer; Hamilton S. Welbanks; Neil Parks; Col. Roscoe Vanderwater; Ross A. Eaton; Adolphus Roblin; Ed. Purtelle; Howard Leavens.
BACK ROW — M. Frank Hawkins; Arthur McKenna; Don Jolley, - Agent; Hilton McCartney, - Secretary-Treasurer.

BAY OF QUINTE AGRICULTURAL MUTUAL FIRE INSURANCE CO., PICTON, ONT.

A BRIEF OF OUR HISTORY

At this point we regret to advise that most of our old records covering the period 1874 to 1903 are missing. We assume that they have been lost or destroyed through time and we apologize for our sketchy detail during this period of time.

On August 11th, 1874, our company was organized with the same Mutual aspects and principles for their goals that were used by other farm mutuals that is "insurance at cost for mutual protection".

The founding officers were President-Archelaus Southard, Vice President Andrew Wycott, Secretary Frederick Dodge, Treasurer and Solicitor R.S. Roblin, Directors, Robert Carson, John Murney, R.R. Burrlingham, William Blakeley, William G. Stafford, David R. Spencer, Thomas Welbanks.

The company commenced business on October 31, 1874 and although we are not certain we believe our first office was located in the Jamieson Block, as a copy of an assessment notice dated February 27, 1892 confirms this at that point in time. It is interesting to note that the Treasurer conducted his part of the company business from his own office. This has been noted in the case of R.S. Roblin and also H.W. Branscombe who in 1892 had his office in the "New Medical Hall" in Picton. It has been noted also that in early 1900's the Secretary had to supply an office for the Company because on August 19th, 1913 the office was moved from Mr. P.C. MacNee's office in the McGregor Block to office space rented from Mr. T.O. Crandall.

In 1929 the company rented office space in the new Odd Fellows Block and in 1947 rented adjoining office space and furnished it. The present Boardroom chairs were purchased that year from G.M. Hicks and Son for \$27.50 each.

In 1962 we had our new office on the Bloomfield Road built and it has proven to be an excellent asset.

BANKING

Until recent years the company has conducted business with each bank in town, usually having an account at each one. Our old minutes mention the Metropolitan Bank in 1905 and we understand that this bank joined with the Bank of Nova Scotia in 1914. There is also mention of the Bank of Montreal and an account with the Union Bank in 1912.

THE DIRECTORSHIP

Under the Insurance Act, The Farm Mutuals of Ontario are limited in the number of Directors they can have. That is, a company can only have six, nine, twelve or fifteen Directors.

Our original founders chose nine and only once did they exceed this number. In January, 1913, Mr. N.W. Pine became a director of the company making a total of ten Directors. Similarly in 1913, Thomas Welbanks was elected Honorary President for life. Mr. Welbanks passed away in 1919.

Some other interesting aspects about the Directors was remuneration. 1911 was the first year directors received pay for adjusting losses and it was recorded in 1913 that they were paid \$2.00 per claim for adjusting.

We are not sure when these gentleman started receiving fees for their meetings but we know they received \$1.50 per

SEATED — Harry M. Coulter; Elden Walt; Neil Parks; Ben Anderson; Allen Ketcheson; Henry Leavens; Wilfred Kotchapaw; Fred H. Campbell; Ross A. Eaton.
STANDING — Mrs. Marion Dick, - Stenographer; Grover J. Smith, - Secretary-Treasurer; Doug Burr, - Agent; M. Frank Hawkins, - Agent.

meeting plus 10c per mile (one way) travel money in 1912 and these fees were raised to \$2.00 per meeting in 1915. There seems to be no mention of fees again until we reach the depression. It is recorded in 1933 that the Directors fees were cut 10% down to \$2.70 per meeting. But 1934 appears to point to better times as their fees were increased to \$4.00 per meeting and adjusting fees were increased to \$3.00 per claim plus 10c a mile one way.

To be a director of the company any interested person has to be a member (policyholder) and is elected at the annual meeting for a three year term.

This system still exists today and works very well which proves that a lot of the old ways and ideals were truly sound.

THE POLICYHOLDER

In Mutual Insurance Co., the policyholders are the members and of course were the sole reason for existence. A lot of the early policyholders of this company were prominent families as well as some V.I.P.'s and we wish to name a few that we did insure in the early years.

In 1877 we insured Mr. George Harrison in Adolphustown Township and we are happy to say that we have that original Policy No. 459 in our archives. Many thanks to Miss Winnifred Harrison granddaughter who so kindly donated this policy to our company in the summer of 1971. (Part of this Policy is featured above).

In 1875 we found records of policies for Raphael Stortz - Demarestville \$2000 Insurance, R.G. Ostrander - Milford, \$1,700, David W. Walt - Consecon, \$1,600. In 1877 Chester Black - Northport, \$2,200, 1880, Edwin A. Brickman - Rednersville, \$2900, Wilson Pettingill - Wellington, \$1900. In 1891 our President Archelaus Southard of Picton had a policy for \$1250.00 and paid an assessment of \$2.63 per year.

In 1905 we found records of policies for people like Jno A. Sprague, W.H. Black, J.B. Gough, J. Martin Foster, and J.E. Baxter. We believe the policy for Mr. Baxter was on the property that is now owned by Ben Prinzen on the west side of Bloomfield.

In 1914 we insured Mr. Nelson Parliament MPP and who was the 1st speaker of the House in Toronto.

We could go on and on listing early Policyholders but would rather give you other interesting points.

We believe that our oldest living policyholder today is Mrs. Edith Giles of Bloomfield who is in her 96th year. If there is any policyholder older we are not aware of it at this time.

This year we have approximately 3800 policyholders and our directors consider them just as important as the 1st 100 policyholders were in 1874.

THE AGENTS

Next to the Policy holder the agent is perhaps the next most important person in the insurance business. In those early years the Directors were the agents and they did a splendid job. Apparently our directors fulfilled this task until 1912 when Mr. Hubert Calman was appointed as agent for Ameliasburg, Hillier and part of Hallowell Township. There could have been earlier appointments but we do not have those early records to confirm any other agents.

It is interesting to note that in March 1919 there was a request for an agency in the Muskoka area. This request was refused as Board of Directors preferred to operate locally and this is still the feeling of our Board of Directors today.

Later there were other agencies added as far away as Brighton and Yarker, but due to a large loss in February 1927 (\$7745.00), the Company confined its underwriting to Prince Edward County only and in April 1927 the Company began accepting Town Risk (residential) for the first time.

Remuneration for the agent has been paid in many ways over the years. In 1910 the "policyholder" paid \$1.50 per policy to the agent for writing the policy. Then in 1912 the Company started paying the Agent on a commission basis which changed to fee basis to commission basis several times over the years.

STAFF

In the early years the Treasurer and Secretary were separate positions. In 1903 the two positions were combined as Secretary-Treasurer and of late years has been changed to Secretary-Manager.

In 1948 business had expanded enough to hire an assistant Secretary who was Mr. A.P. McKenna. Salary for Secretary-Treasurer in early years of depression was 25c per policy plus \$100.00 a year. This was raised in April 1933 to 80c per policy and \$300.00 per year.

But it is interesting to note that there were only 12 people in the 100 years who have filled the position of Secretary. Therefore we would conclude that the Staff have been loyal and dependable throughout the century.

LOSSES

Losses in those early years and the fact that insurance was difficult and expensive to obtain was the main reason for the Farm Mutuals' origin. Losses of the people a century ago were just as disastrous as today and even more disheartening because community fire brigades were not as efficient and as mobile as today and losses weren't replaced as easily as today. The amount of dollars differ greatly but really the biggest share of that is inflation.

But it is interesting to look back at some of the losses and the causes. In 1890 the largest claim was \$1350.00 paid to Sylvamus and Lawrence Sprague in Ameliasburg Township for loss of their dwelling and contents. The cause was a chimney fire. In December 1924 the Company paid for drive house and contents caused by insured filling his car's gas tank after dark with a lantern for light. In 1893 P.R. and J.W. Dulmage in South Marysburg received \$1.00 for cattle killed by lightning and in 1923 George S. Farrell in Sophiasburg, received \$172.50 for losses sustained from the burning marsh.

A lot of the common causes in the early years were candles, lanterns, stove pipes and chimneys, gasoline lamps, threshing machines, sparks on roof, matches and smoking. Which brings to mind a sign years ago in a garage "Don't smoke round this tank. If your life isn't worth anything, the gasoline is!"

The causes to day differ little really because electricity has replaced the candles and lanterns and although it is far safer, accidents, rodents and carelessness with electricity still account for a number of claims.

BACK ROW — Mrs. Gladys Tanner, Stenographer; Ross A. Eaton; Mac Walbridge, Neil Parks; Donald Martin; Mrs. Trudy Jones, Office Staff.
FRONT ROW — Elden Walt; Aleck Stickle, Secretary-Manager; Allen Ketcheson, - Vice President; Henry Leavens, - President; Wilfred Kotchapaw; Fred H. Campbell.

The minutes of 1922 indicate the worst year in the Company's 48 year History, and 1949 was also a particularly bad year for claims.

There were other times when claims were heavy and sometimes these periods lasted for three, four and five years and it is because of these times that our Company embarked upon Fire Prevention.

FIRE PREVENTION

"Nice frame house - doors and sashes, couple of sparks - Heap of ashes." (a quote from a speech given in the 1924 Convention of our associations).

However this little jingle really makes one think and it was in 1924 that the association started in earnest on Fire Prevention Campaigns. Campaigns to alert people of the common fire hazards on his own property and ways and means of correcting these before losses occur. Campaigns to install lightning rods and to build better buildings, buildings that would be safer using fire retardant materials.

Our Company has promoted loss prevention for years as we had our first risk inspector back in 1912 - Mr. Vale. One of the best things was the use of gasoline stoves and the Company prohibited the use of these stoves unless a permit was issued by Mr. Vale.

In 1935 the Company introduced fire extinguishers and compelled policyholders to take one for every \$3000 of insurance at the time of renewal. In 1936 Adolphus Roblin was appointed inspector of risk for Prince Edward County. He did his job well judging by the number of those old fire extinguishers that are found in the homes even today. In 1939 Broder Houses were considered too hazardous to insure and were not insured until 1944 and then only if properly equipped and located over 80 feet from any other building.

On October 11th, 1949 Mr. J.H. Hendricks an electrician in Foxboro was engaged as Risk Inspector and during his time, the Carbon Tetrachloride fire extinguisher was introduced in 1952.

There are some interesting points regarding fire prevention to look back on too. For example in 1925 the Company refused to insure radios and in 1944 tractors were to be insured only when not in use.

Since Mr. Hendricks we have had three inspectors, all top calibre men. We feel our campaign over the years has helped to reduce losses, reduce fire hazards, improve building and above all to acquaint people with all hazards which in turn allows lower premiums for the Policyholders.

GROWTH

On October 31st, 1874 the Company commenced Business and by December 31st, 1875 there were 115 policies with \$117,165.00 insurance in force. There was no surplus in those early years as the assessment was to cover only expenses and losses. Growth has been good over the years as we closed the books in 1973 with 4,253 policies, \$95,444,803.00 insurance in force and with a surplus of \$540,576.00.

We look forward to an interesting 2nd century especially with our reinsurance contracts to help stabilize undue heavy losses.

(1) We are assisting the Picton Fair Board financially so that the admission charge to the Grandstand for the "George Hamilton The Fourth Show" will be withdrawn this year.

(2) We are assisting the Madoc Fair Board financially so that the same George Hamilton The Fourth Show can be enjoyed there as well.

(3) We are producing a special souvenir plate which will be presented to our policyholders to mark our Centennial Year.

(4) We are sponsoring a new award for 4-H work in both Prince Edward and Hastings counties and provisions have been set up to ensure that it continues for years to come.

Our fondest wish this year is to be able to serve the people in our area for the next 100 years.

In days of yore....

50 years ago

On Wednesday of this week another huge muskellunge was landed in the waters of Moira Lake. This large fish weighed twenty-eight and a quarter pounds and was caught by Messrs. H. D. Weber and John Singer, of Cincinnati, Ohio, while trolling in the lower part of the lake.

The Madoc baseball team ended its season on Wednesday of this week when it was defeated by the Tweed team by a score of 17-10.

The hay crop is an exceptionally good one in this district this year. Mr. M. Hazzard left us a quantity of hay which measured six feet, three inches. This was grown south of Madoc, in Huntingdon Township. Mr. Hazzard states that this is the average growth on this property.

There passed away on Wednesday, August 20th, one of the oldest and best-known residents of Madoc. Mrs. James Whytock. Mrs. Whytock was born in Scotland eighty-seven years ago. When seven years of age she came with her family to this country. Her brother, Mr. Miller, settled on a farm north of Madoc, and the Whytock family took a farm on the same road. The members of these pioneer families proved themselves loyal and worthy citizens in every way. Mr. James Whytock, who predeceased his wife by about fifteen years, was one of the most successful and widely recognized business men in this part of the country. A large share of the honor is due to the late Mrs. Whytock, who was a devoted wife and mother, and highly respected in the community. As long as she was able Mrs. Whytock was always to be found in homes where there was sickness, doing her bit in trying to alleviate suffering. She was a generous supporter and life-long member of the Presbyterian Church. She leaves a large family to mourn her loss. Eleven of her children are living. These are Mr. James Whytock, Mr. Chas. Whytock and Mr. Walter Whytock, Reeve, of Madoc Village; Mr. David Whytock of Boston; Mrs. Chas. Miller, Toronto; Mrs. Harry Connor, Marmora; Mrs. Fox, Picton; Mrs. McCaffrey, Madoc; Mrs. Shrigley, Windsor; Mrs. McGregor, Napanee and Mrs. W. J. Hill, Madoc. The funeral took place on Friday at two o'clock from her residence on Durham Street to St. Peter's Presbyterian Church. The pallbearers were six of Mrs. Whytock's grandsons, Messrs. Whytock and Alan Fox, of Picton, Norman and Carl Whytock and Charlie Hill of Madoc, and Dr. Arthur Whytock of St. Catherines.

A look at prices 50 years ago—Hoard and Moorcroft's were selling men's English chrome boots at \$4.00 a pair and trunks for travelling (regular \$9.50) were on sale for \$7.00; McIntosh Bros. were selling electric toasters for \$4.25 each, oil ovens for \$1.98 each, Lysol disinfectant at \$.29, and bottles of 100 Aspirin tablets at \$1.39 a bottle.

24 years ago

Apprehended by provincial police near Marmora after they had hid out in a woods for six hours, three young men are in jail at Belleville charged with theft of money from Philip Rivers' service station here Sunday afternoon. Shortly before five o'clock Sunday afternoon three men walked into Rivers' service station and as Mr. Rivers stepped out of his office into the workshop are said to have rifled the till of about \$50.00. A small boy who happened to witness the act said the men "took a whole handful of bills". Rivers notified provincial police here and a call for assistance was sent through to Belleville and Peterborough with result that road blocks were set up in the area. An hour later Corporal Jack Hatch of Madoc spotted a car answering the description of the one used by the three men as he drove toward Marmora on highway No. 7. The men in the other car seeing the police cruiser ditched their vehicle and disappeared into the woods. Police then concentrated their search around the woods with about eight officers taking part in the search. Finally four men emerged from the woods shortly after midnight and they were apprehended by Provincial Constable J. A. Fullerton from Belleville. The men were taken to Belleville and later a charge of theft was laid and also attempted theft of service stations in Belleville.

Bill Cain, 11-year-old boy from Crestline Ohio, is leading the Kiwanis Fish Contest for the largest bass, with a 3½ pound fish which he caught while camping at Moira Lake.

"Miss Madoc", the Canadian One Design racing boat, owned by Kel and Newt Kincaid will compete in the motor boat races at the Canadian National Exhibition on Labour Day. "Miss Madoc" which has attracted a lot of interest locally was built by the boys themselves, assisted by several other amateur boat builders last winter and this summer competed in races at Gravenhurst, Picton, Gananoque and Alexandria Bay. To date it has placed seventh, sixth, third and second, respectively and the boys' many friends will be pulling for it to make a good showing in the big time on September 4th.

Fire of undetermined origin early Friday morning completely destroyed the portable sawmill owned by the T. A. Wilson Lumber Company at Madoc. The mill was situated on the Belleville Road, a mile south of the village. Although the mill itself was a complete loss there was very little lumber burned as the flames failed to reach thousands of feet of sawn lumber piled within a short distance of the mill. Loss of the mill would run close to \$10,000.00. About 15 men were employed at the mill with some of the employees living close by the mill in camps. The mill cut was practically completed with only two or three weeks work left, it was stated. The Wilson Company have a second mill at Madoc near the station and another in the Denbigh district. Head office for the firm is at Cannington.

News of the past from the files

of the Madoc Review

15 years ago

This week Mr. Don Ash brought us a copy of a miniature paper published in Madoc, December 29, 1881. The paper, "The Star", contained four pages only 3½ x 2½ inches and was edited by Willie Wood, who gave as the reason for the small paper was that the press had broken down and that a new one on order had not arrived. An interesting article in the paper contained the information that the business was booming at the Illemitate Mine, north of the Village, where 35 men were working under the superintendent, Mr. C. Mitchell and that a large stock of ore was ready for shipment. The paper is the property of Mr. George Neilson.

The dial telephone is coming to Madoc. G. W. Proctor, Bell Telephone manager for this region, announced that first step in an extensive construction program intended to provide dial telephone service in Madoc and vicinity by the summer of 1960 has been taken with the awarding of a contract for the construction of a new exchange building at the corner of Prince Albert and Davidson Streets. Initially, there will be sufficient dial equipment to serve more than 1,300 telephones but the building will have an overall capacity of 2,000 terminals—each representing a telephone number. When the dial office opens, automatic switching equipment will take over the task of connecting all local calls, and operators will no longer be needed here. However, Mr. Proctor explained, every effort will be made to assure that the change to dial operation causes a minimum of disruption to the Bell's Madoc operating staff. After dial conversion most of the permanent operators in Madoc will be moved to other offices.

Bircroft Uranium Mines Ltd., has been awarded a supplementary contract by Eldorado Mining and Refining that will

enable the operation of the company's Bancroft mine for the three months prior to the expiration of its present contract. The company had expected to complete its present contract of \$35,805,000 about three months before its expiry date, March 31, 1962. The new contract for 260,000 pounds of uranium oxide at \$8 a pound is valued at \$2,080,000.

A fine collection of oils by the Madoc Art Group, students of Miss Mary Moul, Belleville artist, has been on display for sometime. These paintings show a splendid realization of composition, color and craftsmanship, and include scenes of four seasons, as well as one of flowers and one of animals. The most pleasing display brought commendation to both students and teacher. Contributing artists were: Miriam Atkinson, Getha Burns, Sadie Burnside, Lou Barker, Marg. Connor, Sonia Hailstone, Edna Wood, Margaret Wright.

IN MEMORIAM

LEES — In loving memory of a dear sister and daughter, Diane, who passed away August 17, 1972.
One day of your life,
 Is all we ask of you.
Just give us one day of your life
 And let us share it with you.
If you give us one little moment,
 We will make this moment last.
We'll live the future with the past
 One day of your life can mean as much to you.
It's only one day of your life.
 But it would be with you.
If we can't have you forever,
 We'll be content with just one day!
If we must build a world of fantasies
 Please let us build it with the memories.
One day of your life,
 Is all we ask of you.
Just give us one day of your life,
 And let us share it with you.
If we can't have you forever
 If we can't have things our way,
 We'll be content with just one day.

Dearest Diane:

We just want to say that we shared many wonderful days of our lives together and we can now cherish the precious moments that were spent together and hold them thankfully to our hearts. We sadly miss you.

Lovingly remembered by Mom & Dad, Lucky & Julie, Ross & Claire, Terry & Dorothy, Glen & Pat, Doug & Darlene & Rick.

IN MEMORIAM

ANDERSON — In loving memory of our loved one, Mrs. Hazel G. who passed away July 30, 1973.
In our hearts your memory lingers
 Sweetly, tender, fond and true
There is not a day, dear Hazel
 That we do not think of you.
 Ever remembered by Frank, Ellanora, Randy, Laurie, Ronnie, Robbie, Lisa, Cora, and Nelson Jr.

ROBERT CHARLES HART

Suddenly as a result of an accident on Sunday, August 4, 1974, Robert Charles Hart passed away in his 73rd year.

Beloved son of the late John Thomas Hart and Eliza Mary Ann Stevens. Dear brother of Ann (Mrs. Joseph Little) of Belleville and Lewis Samuel of London Ont.

Committal service was held at Lakeview Cemetery, Madoc, on Thursday, August 8, 1974 at 10 a.m.

Rev. J. A. Lombard officiated.

ELLEN GARRISON

At the Belleville General Hospital on Friday, August 9, 1974, Ellen Garrison passed away in her 76th year.

Beloved wife of Jack Garrison of Madoc. Dear mother of Margaret Johnson of Madoc and grandmother of Eric, Charles, Robert, and Douglas.

Mrs. Garrison rested at the MacKenzie funeral Home, Madoc, where services were held on Monday, August 12th at 1:30 p.m.

Rev. Thompson officiated with interment in Lakeview Cemetery. Mrs. Garrison was carried to her final resting place by her grandsons.

DEATHS

MRS. ANN LITTLE

Mrs. Ann Little of 223 Charles St., Belleville, Ontario passed away at the Kingston General Hospital on Thursday, August 8, 1974.

Born in Madoc 74 years ago, she was the daughter of the late Mr. and Mrs. John T. Hart. Beloved wife of Joseph H. Little (living) and dear mother of "June" Mrs. Don Shannick - R.R. #1, Coryville, Mrs. Elaine Scott - Belleville, "Carol" Mrs. Melvin Russell - C.F.B. Trenton. Predeceased by a daughter Dorothy (Mrs. Bill Reid, Toronto).

Loved by 7 grandchildren and 6 great grandchildren. Brother of Lewis S. Hart, London.

Mrs. Little rested at the Thompson Funeral Chapel, Belleville. Funeral services were held from Christ Anglican Church, Belleville, on Monday, August 12th at 2:00 p.m. Rev. John Utley officiated.

Interment was in Belleville Cemetery.

NOTICES

NOTICE

I determine that there is a Queen's right-of-way, one chain wide, from the "Hydro Road" through west half lot 31, Concession IV, Elzevir, this county, to its northerly boundary. Further, that my personal property is stored upon same public ground. Thus the adjacent owner has no right to charge me storage from the time I severed with him, nor to obstruct access over and upon said public land. Any payment or inconvenience demanded will be made under this public protest only. I also clarify that Black River is a navigable waterway to Lingham Lake; Thus, her course is open to commerce and travel. Finally, I own the used cedar shingles removed from former cottage dismantled this Spring on subject west half lot 31.

REGINALD HIGHHILL,
 Madoc, Aug. 6, 1974.

ENGAGEMENT

Mr. and Mrs. James L. Watson, Madoc, wish to announce the engagement of their daughter, Joette Helena to Mr. Dennis Wesley Oliver, son of Mr. and Mrs. John Oliver, R.R. #4 Madoc. Wedding to take place at Trinity United Church, Madoc, on Saturday, September 7th, 1974 at 2:00 p.m.

Couple wed in Trinity United Church

Trinity United Church, Madoc, was the
scene of a lovely wedding on Saturday,
July 6th at 4:00 p.m. when Audrey Dianne
Perrie, daughter of Mr. and Mrs.
Benedict Thiele, 56 Horace Ave., Madoc,
and Gordon Roy Miller, son of Mr. and
Mrs. Lorne Miller, R.R. #1 Madoc, were
united in marriage in a double-ring
ceremony. Rev. D.W. Heard officiated.

Wedding music was played by Mrs. Jean
Bailey.

The attendants were Miss Joy-Lynn
Perrie and Mr. Ken Miller. Ushers were
Ricky Perrie and Marl Ray.

The reception was held at the Madoc
Legion Hall.

Out of town guests were present from
Erin, Curtis, Georgetown, Acton, Cobourg,
Belleville, Toronto and Mississauga.

The couple are residing at Durham St.,
Madoc, Ontario.

Life With the Ripples

Happy Homemaking

By BARBARA BAKER

To keep sewing machine bobbins handily available and easily identified as to color, slip each on a soda straw and lay neatly behind the thread spools.

If you have a problem with a metal mailbox getting damp in rainy weather, a simple way to keep your mail snug and dry is to slip a scrap of wool rug into the box.

A tip for the breakfast rush: When serving hot cooked cereal to children on the go, add a scoop of ice cream to each bowl. This cools the cereal quickly, is nutritious and adds smiling faces around the breakfast table.

When pinning a sleeve in place, results are smoother if the pins are placed perpendicular to the seam edge.

EASY FRENCH STEW WITH NOODLES

1 can (16 ounces) whole tiny carrots, undrained
1 can (16 ounces) white onions, undrained
1 cup Burgundy wine or beef bouillon
1 can (10½ ounces) cream of mushroom soup, undiluted
1 cup water
1 package (1-3/8 ounces) dried onion soup mix
2 pounds chuck, cut into 1½-inch cubes (trim off fat)
3/4 cup whole pimiento-stuffed olives
6 ounces uncooked wide egg noodles (about 3 cups)

In large heavy pot or Dutch oven, blend together the liquid drained from carrots and onions, wine, mushroom soup, water and soup mix; stir in meat. Bring mixture to a boil; cover and simmer 2 hours or until meat is tender, stirring occasionally. Stir in carrots, onions, olives and uncooked noodles. Bring to a boil; cover and simmer stew until noodles are tender, about 15 minutes. Stir occasionally.

Fix-It Tip

Every new house settles. It can be a little or a lot. And you can figure some materials in the house will shrink while others swell.

Houses don't settle evenly. If they did there wouldn't be any problems. The earth under the house will settle in one area but not another. The result is structural cracks. Hairline cracks around windows and in corners will not affect the strength of the walls.

Other minor cracks will develop as shrinkage occurs in the framing lumber. These will appear in walls and ceilings.

It's a process that could go on for several years. Ignore hairline cracks, but not large ones. The hairline cracks won't hurt anything and can be left until you are ready to redecorate, then can be filled with spackling compound before painting.

Large cracks, bigger than a pencil, are not normal. Neither are cracks in the foundation. Call these to the attention of the builder.

"I don't know why they call me a sitter — I've been on my hands and knees all evening!"

MADOC REVIEW

THE VOICE OF MADOC AND CENTRE HASTINGS
HASTINGS COUNTY'S OLDEST WEEKLY NEWSPAPER

Vol. 97, No. 34

Madoc, Ontario, Wednesday, August 21, 1974.

15¢ Single Copy

THEY'RE OUT ON STRIKE!

CARETAKERS at Centre Hastings Secondary School are picketing this week. Members of Local 1022 of the Canadian Union of Public Employees, they are currently on strike against the

Hastings County board of education. Reports say the schools will open Tuesday, September 3, regardless of how the strike progresses. (Madoc Review photo by Karen Jones.)

James Burns

Well known resident dies in Belleville

James Burns, a well known resident of the Madoc area, died in Belleville General Hospital Sunday, August 18 in his 77th year.

He was the son of the late Joseph and Jessie Burns of Madoc.

Surviving are his wife, the former Getha Elliot, and two sisters, Mrs. Jack (Kathleen) McCann of Toronto and Mrs. James (Jean) Wilson of Toronto.

A brother, Edward, predeceased him. Mr. Burns rested at the MacKenzie

Funeral Home, Madoc, until Tuesday, at 9:30 a.m., thence to St. Peter's Presbyterian Church, Madoc, where funeral service was conducted at 1:30 p.m.

Rev. E. R. Hawkes officiated. Interment followed in Lakeview Cemetery, Madoc.

Pallbearers were J. Haller, E. Hailstone, E. Burke Alexander, C. Edwards and J. Martin.

Honorary bearers were Tom Rupert and Bill Hart.

Many prize winners at 4-H picnic

MRS. BOYLE of Marmora won the rolling pin contest at the 4-H picnic recently. She was presented with a rolling pin by John Paul.

A large crowd turned out at the Madoc Township Public School for the Hastings County 4-H picnic held Sunday, August 18. All 4-H agriculture and homemaking club members and their families were invited to attend.

The event got underway at 10:30 a.m., with games and races for everyone. A delicious pot luck lunch was served in the gym.

After lunch it was a battle of area teams in a two-pitch softball tournament. It was followed by two other games, the 4-H Club Leaders against 4-H Parents and children under 12, and Stirling, Tweed, North Hastings and Madoc areas against Marmora, Belleville and Tyendinaga areas. Tweed area 4-H'ers won the tourney. And the parents squeezed by with a win over the club leaders.

Sack race winners - Kendall Clare, boys 12 to 16; Lyn Eggleton, girls 12 to 16; Sandra Stein, girls over 16; Roger Ray, boys over 16; Patti Ann Farrell, girls under 12; George Thompson, boys under 12.

Water race - George Thompson, boys under 12; Patti Ann Farrell, girls under 12; Danny Walsh, boys 12 to 16; Brenda McAlpine, girls 12 to 16; David Reeves, boys over 16; Sheila McAlpine, girls over 16.

Softball throw - John Sills, boys under 12;

Teresa Shannon, girls under 12; Kim Hughes, boys 12 to 16; Diane Doyle, girls 12 to 16.

Shoe kick - Kendall Clare, boys 12 to 16; Lori Sills, girls 12 to 16; Shirley Ray, girls under 12.

Three-legged race - Allison Ray and Nancy Bush, girls under 12; Gordon Taylor and George Thompson, boys under 12; Sheila McAlpine and David Reeves, mixed.

Wheel barrow race - Barry Ray and Ken Sharpe, boys over 16; Terry Kerby and Jim Forrestel, boys 12 to 16; Diane Doyle and Julie Shannon, girls 12 to 16; George Thompson and Gordon Taylor, boys under 12; Mary Danford and Margaret Ann Thompson, girls under 12.

Mrs. Doyle of Marmora won the mother's rolling pin throw and Wyn Harder of R.R. 5 Trenton won the father's sack race.

MRS. DELBERT McCOMB of R.R. 5 Belleville gives her pin a toss. (Madoc Review photo by Karen Jones.)

HE IS LIVELY AND INTERESTING

At seven, a boy is rather young to be choosing a career but anyone familiar with the theatre will feel Tommy should be an actor. He is almost a double for Tom Kneebone, one of Canada's most shining talents. Besides his looks, Tommy has another quality that might help him in a stage career. He loves to be in the limelight. This is not showing off, according to the people who know him best. It's because he is an insecure youngster, greatly in need of attention and affection.

Tommy is health, slim, wiry, active and a bit small for his age.

School proved difficult at first for Tommy 'cause he was lively and easily distracted. He spent two and one-half years in kindergarten. He now loves school and did well in Grade 1. He enjoys intellectual activities and is now learning to play chess. Tommy likes listening to stories but is beginning to read on his own. He is showing an interest in music.

Such an active lad is almost bound to enjoy outdoor activities. Tommy is a camping enthusiast and likes skating, skiing, riding his bike and swimming, for which he has already started to win badges.

Tommy should be the youngest in the family with no other children close to him in age.

To inquire about adopting Tommy, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

Thoughts

From The Living Bible
One day a young priest from the town of Bethlehem, in Judah, arrived in that area of Ephraim, looking for a good place to live. He happened to stop at Micah's house as he was traveling through. "Where are you from?" Micah asked him. And he replied, "I am a priest from Bethlehem, in Judah, and I am looking for a place to live." "Well, stay here with me," Micah said, "and you can be my priest. I will give you ten dollars a year plus a new suit and your board and room."

Judges 17:7-11
Evangelical Fellowship of Canada

Don Frederick's looks at Queen's Park

Two-decker cars for Go

After only three days of a two-week demonstration period on the GO train service, double-decker commuter cars have proven their value to Ontario Transportation Minister John Rhodes.

Rhodes announced GO Transit will buy cars similar to the ones now on loan from CP's Montreal commuter service to replace the single deck cars on the heavily-traveled Toronto Lakeshore route.

He said it would take two years for delivery of the new cars after specifications are drawn up. The cost at current prices of replacing all the coaches now on the Lakeshore route would be about \$35 million, the minister said. The existing cars, however, would be available for use on other routes. The double-decker cars carry 75 per cent more riders than the single cars.

Rhodes outlined other plans his ministry is considering for GO including what he calls Super GO - additional tracks along the Lakeshore route to permit trains to run at five-minute intervals rather than the minimum 20-minute headway now imposed on the system by technical limitations.

He added that even before delivery of the new double-decker cars, GO hoped to improve the frequency of Lakeshore trains.

In Montreal, meanwhile, commuters are reported as yearning for the return of their double-decker cars after three days of being squeezed into the GO transit cars which were swapped to them for the two-week demonstration.

Endless

In the endless squabble between dentists and dentists Health Minister Frank Miller has now accused the Royal College of Dental Surgeons of favoring itself instead of acting in the public interest. Furthermore, he says, his ministry will stick to its guns (not the old ones, but the new ones), and license dentists to make full sets of false teeth without being supervised by dentists.

Between the public's wish for cheaper teeth and officialdom's final answer the ministry has switched its stance often. Let's see now: How did it go while the lobbyists volleyed and thundered?

Well, there was Bill 203 (killed after favoring the dentists); Bill 246 (killed after favoring the dentists); and now there is new legislation which will allow dentists to make full plates independently but will force them to make partial plates under the supervision of dentists.

Somewhere along the way Rene Brunelle popped up as acting health minister. Dr. Pottes went to another ministry, and Miller inherited the turmoil. Yet the dental profession is still grieving because it wants tougher examinations for dentists than

You and the law

Question - I found out that my wife had an illegitimate child before we met. She didn't tell me about this before we married - in fact I only found out by accident. I was so mad that I moved out. Can I divorce her or get an annulment?

Answer - You have no grounds for divorce. Your wife is not guilty of adultery because this all happened before you married. The fact that you were mistaken about your finances character does not affect the validity of the marriage.

the Ministry has devised.

And the public? Well, the public is waiting to see what will happen to the price of a set of uppers and lowers. Way back in 1972, when the lobbying began, dentists were charging \$235. to \$350. while denturists were levying \$150.

The dental profession is doing itself no credit by continuing its opposition against the right of government-qualified denturists to practise independently. It is, in fact, leaving a nasty taste in a lot of mouths.

Unfortunate

Isn't it unfortunate that the media found it necessary to report that the son of George Kerr, Ontario's Solicitor General, had been fined for a minor drug offence?

The tragedy here is that the case received publicity not because of the offence but because it happened to the son of a prominent politician. If it hadn't been Kerr's son, the case wouldn't have been reported at all in the Toronto media. I'm sure of that. I think it's unfair to tell about the sins of sons only because they're related to famous people. I hope all the editors think twice about doing that the next time.

\$7,135 damage accidents

Officers of the Madoc detachment of the Ontario Provincial Police investigated nine accidents during the past week. Damages amounted to \$7,135, with three persons injured and two of them taken to Belleville General Hospital.

Six charges were laid in connection with these collisions.

Eight thefts were investigated, with a total of \$445 in property taken. Of this, \$225 worth of property was reported.

Six reports of willful damage were received, with total damage amounting to approximately \$286.50.

One Bancroft person was reported

missing and has not been located. Four impaired drivers were arrested and charged.

Twenty-one persons were charged with having liquor under the Liquor Control Act of Ontario.

One Havelock male was charged with assault.

Two men were charged with causing a disturbance.

Approximately 66 other occurrences have also been investigated during the past week, some of which included compassionate to locate, lost markers, found and lost animals and complaint of speeding.

Plans cost-benefit study

The Moira River Conservation Society plans to do a cost-benefit study for the proposed Bend Bay reservoir project above Moira Lake. The Executive Committee at its last meeting voted to hire consultants to do the study and also to set up terms of reference for the study which will determine whether the project is feasible.

The reservoir project, if approved, would see the construction of two dams across the Moira river valley - a short distance above Moira Lake.

Terms of reference include an analysis of

any accrued benefits to the watershed with regard to the supply of water to

Belleville, and the effect the reservoir would have on recreation on the Moira River system downstream.

The study will also include an analysis of the estimated cost for preliminary and final design engineering, actual construction, land clearing costs and maintenance costs to the Authority.

Changes in land values will also be considered with loss to owners due to flooding and the gain due to water frontage noted.

Decendent of pioneer family dies in Oshawa in 84th year

Nelson G. Lavender, a decendent of one of the pioneer families of Millbridge, died in Oshawa General Hospital August 15 in his 84th year.

He had farmed at Glanmore and Wellington and was well known throughout North Hastings County as a cook in the lumber camps.

He was predeceased by his parents, Benjamin Lavender and Minnie Sweet, and his wife, the former Kathleen E. Grieves.

Surviving are daughters Laura of Toronto, Mrs. Frank (Glee) Richards of Toronto,

Mrs. Howard (Jean) May of Stirling, Mrs. Pat (Marion) Stafford of Toronto, Mrs. William (Donna) Reid of Chilliwack, B.C., and Joan of Oshawa, 27 grandchildren and 10 great grandchildren.

Also surviving are brothers Richard of Windsor, Charlie and Joe of Wellington, Manley and Bill of Marmora and Carl of Florida, and sisters Mrs. Frank Davidson (Beatrice) of Pictonfield, Mrs. Albert (Ida) Moore of Windsor and Mr. William (Alma) of Sarnia.

Funeral service was conducted in Oshawa Saturday, with interment in Mount Lawn Cemetery, Oshawa.

Streaker wins bet but loses \$\$

Robert Craigen, Whitby, Campbellford's second streaker to appear in court, was fined \$100 and costs after he pleaded guilty Friday to committing an indecent act.

The charge was laid May 19, after Campbellford police Constable Harold Airhart had investigated reports of a naked man walking through the town.

He had found Craigen sitting behind the wheel of his car, his clothes in the back seat.

Craigen had claimed at the time that he had been out walking his dog, but admitted in court he had gone through the town on a \$20 bet.

The following students from Centre Hastings Secondary School have been declared "Ontario Scholars" for 1974 in accordance with the regulations of the Ministry of Education:

Flowers for all occasions

Charge

The Madoc detachment of the Ontario Provincial Police have charged a Stoico man with failing to remain at the scene of an accident following an accident on the Stoico Road, one mile east of Highway 37 Saturday morning.

According to police, a car driven by the arrested man had been in collision with a second car driven by Karen Dowling, 18, of RR 4, Tweed.

No one was injured in the accident, but the Dowling car received an estimated \$600 damage to its left front side.

Madoc Hunters and Anglers hold shoot

Madoc Hunters and Anglers held their inter-club trap shoot August 18 with a large crowd and perfect weather making the day a success.

Clubs from Cobourg, Peterborough, Picton and Belleville were on hand.

Some very good scores were turned in and the winner of the high gun trophy was Bert Singer of Picton with a score of 74 out of 80 birds which includes shooting 30 doubles, 25 at 16 yards, and 25 singles at 25 yards handicap.

Corn roast August 28

The Senior Citizens Club of Madoc and District No. 473 met on Aug. 14th in the church parlour.

The meeting opened with the President, Mrs. Percy Broadworth in the chair and all repreated the Lord's Prayer. Minutes of last meeting read by Mrs. Johns were approved and showed an attendance of 46 at the last meeting.

Mrs. Broadworth read a poem, "Contents of a Boy's Pocket and A Woman's Purse."

We are sorry to hear of George Moorcroft's accident. Jim Burns is in intensive care, Lillie Empey has a fractured wrist, and Mrs. Evelyn Palmer is home from the hospital.

The Corn Roast which was slated for Aug. 21st was postponed until Aug. 28th at Price's Park.

Meet at the United Church at 2 o'clock.

Mrs. Ken Bateman was in charge of the programme and opened with a sing song with Mrs. Reid at the piano.

Mrs. Magie Fox gave a reading, "Do no judge."

Mrs. Anna Carman, a reading, "Calebs Courtship."

Four girls from Queensboro, Lisa Devolin, Charlene Devolin, Dianne Campbell and Doreen Campbell entertained with Action songs, skits, songs and a gymnastic routine. This was much enjoyed and we thank the girls.

Mr. Bamby favoured us with music on his mouth organ.

The P.T.A. system in the church parlour has been installed and was used to-day.

Mrs. Bateman reported 500 had registered at the Tourist booth this summer.

A delicious lunch was served by the hostesses.

Fined \$200 impaired driving

Douglas L. Greenly, R.R.2, Warkworth, was fined \$200 and costs Friday after pleading guilty in provincial court to impaired driving.

Greenly also pleaded guilty to a charge of having liquor in a place other than his residence but received a suspended sentence.

William Chamberlin, RR 2, Havelock, pleaded guilty to impaired driving and was fined \$175 and costs. He had been involved in a one-car accident May 19.

SOCIAL NOTES

Miss Susie McCoy, Bramalea, and Miss Lori Stoklosar, Madoc, spent last week at their grandmother's, Mrs. Vie Jonston.

Recent guests at the home of Mr. and Mrs. Mervin Wiseman, 12 Divison Street, were Mr. Wiseman's cousin and wife, Mr. and Mrs. Max Wiseman of Toronto.

Also visiting with Mrs. Wiseman last week were her niece, Mrs. Terence Hood and children, Alan and Libbi from Richmond Hill.

Queensboro W.I. plans to sponsor a 4-H girls club

The August meeting of the Queensboro Branch of the W.I. was held at Miss Hazel Thompson's cottage, Stoca Lake, on Wednesday evening, August 24, with Mr. K. Armstrong and Mrs. John Moore as hostesses.

Mrs. Ken Cassidy presided. The roll call, "Should Farmers Work on Sunday," was received a variety of answers. There were 12 members and 6 visitors present. It was decided not to sponsor a 4H girl's club this fall. Mrs. Declar paid her fee and Mrs. Harold Lakley thanked the Institute for box of treats she had received when she was ill.

Mrs. Harry Declar, Agriculture and Canadian Industries Convener, was in charge of the program. Mrs. Declar and Mrs. McMurray each read a selection on, "The Story of Tea."

Mrs. Arthur Holmes presented a contest, "Hidden Trees," and also a game, "Back to Grandpa's Farm."

The meeting closed with the Queen and lunch was served, and a social time was enjoyed by all.

OPEN FRIDAY EVENINGS 'TILL 9 p.m.

Madoc Purina-ettes will meet Waterford in the opening game of their Intermediate AA Provincial Women's Softball Union playoffs.

The first game of the best-of-three series will take place in Madoc Saturday, August 24, at 8 p.m.

Purina-ettes won their semi-final set against Smith Falls in Madoc last week by overcoming a first inning 3-0 deficit.

A triple by Pat Hogan, and back to back singles by Carol McRae and Donna Duffy along with a ground out combined for the three runs that gave Smith Falls the early lead.

The Belleville and District Ladies League team knotted the score in the top of the third, on a base hit by Sue Wright, a triple by Joan Bailey, and a double by winning pitcher, Sandra Fleming. Flemings double produced two of her four rbi's for the game. She cranked a two run homer into deep left field in the fifth to tie the game for the other two.

The winning rally came in the sixth for the winners, with Joan Bailey, Brenda

Hay, and Roseanne Chapman connecting for base hits, scoring two runs.

Purina-ettes connected for 23 base hits in the contest; with five of them for extra bases. Sue Wright had a triple and four singles to lead the barrage, with Fleming cranking a home run, double, and two singles. Jane Bailey stroked four singles. Roseanne Chapman and Margie Bate man each had three safeties, with Brenda Hay rounding out the attack with one single. Left fielder Bev Caterer and right fielder Sharon Lessard were the only players in the lineup not to collect a hit.

For Smith Falls it was Pat Hogan with a triple and single pacing the 10 hit total, with Carol McRae adding a double and single.

Debbie Matheson lashed a triple, while Sandy Gibson had a double. Donna Duffy hit safely twice, while Lynn Boyce and Karen Cauley had a single each.

Fleming gave up 10 hits in picking up the win for Purina-ettes, fanning seven and not walking a batter. Lynn Boyce absorbed the loss for Smith Falls. She was stung for 23 hits, struck out six and walked one.

Stirling crew wins fun evening

Skip Verna Woodbeck, with Ivor Hughes and Gail Woodbeck, scored a high of 30 points, as the Stirling Lawn Bowling Club visited Madoc for an evening of fun lawn bowling.

Second was Ken West with Luella Bronson and Mary Cook with 20 points, while 18 points were earned by Frank Palmer, Stephanie Kell and skip Jack Booth.

Clifford Broughton dies in Peterborough

Clifford Broughton, a resident of Deloro for the past three years, died in Peterborough Civic Hospital Monday, August 19, in his 59th year.

Mr. Broughton, retired, was a member of the Marmora Branch of the Royal Canadian Legion.

Surviving are his wife, the former Lenore Hutton; three daughters, Mrs. Graham (Joan) Crate of Ottawa, Sharon Broughton of Toronto and Judy Broughton of Toronto; four brothers, Ted of Thunder Bay, Jack of British Columbia, Bill of Moncton, Ont. and George of Mississauga; one sister, Mrs. Irene Jones.

The Frank Lynett Funeral Home, Toronto, is in charge of funeral arrangements.

Seeks info on family

I am writing to ask if anybody in the area would know any one in the district who would be a relative, or know relatives, of Hugh McLeod and Catherine Audekirk (Oudekirk).

According to the 1861 census, their family was as follows:

William, 21; Hugh, 18; Philip, 16; Allen, 14; Catherine, 10; Nathaniel, 7; Harvey (Harry), 5; James, 3 - two girls died at birth.

I am looking for some one of this family as Nathaniel was my grandfather. I have reason to believe he was born in Madoc and married Arillia Pine.

As I am doing the family genealogie, I would sure appreciate any information you can give me even if it is only if it is only minor in nature.

I would be so glad to hear from any one of these families.

ETHEL A. C. (McLeod) TURNER,
136 1st Ave., SSI,
Trail, B.C.
VIR 2Y8

P.S. - I would also be happy for information on the Arillia Pine family too.

A pet jay!

If birds of a feather flock together, the Ted Helm family of 10 Ontario Street, Brighton, may not be able to hang on to their latest pet - a very tame blue jay.

The family found the bird in the back yard under a tree following a wind storm a few weeks ago, and rescued it from sure disaster. The bird, recently hatched, was just starting to sprout some feathers and was far from the age of being able to care for itself.

"We brought it into the house," explains Mrs. Helm. "But I never thought it would live."

The family fed it raw hamburger, bread and water through infancy, and as it grew, added some seeds to the diet.

Now it flies round the house, lands on heads, shoulders, arms and hands, and is pretty well its own boss.

It sleeps on a window sill or on a ledge over the kitchen sink.

But it has never had the opportunity to fly around out-of-doors. And when the occasion comes, as it surely must, the Helms don't know whether it will fly away forever or stick around its foster home.

"They don't want us to let it go," explains Mrs. Helm. "Who's they?" we asked.

"Me," exclaimed Patty, the Helm's daughter, as Jay Jay landed on her head for the third time since we took the picture.

"Whether Jay Jay will take off one of these days remains to be seen. But meanwhile, the bird is taking full advantage of its present surroundings.

"It likes to hide small things," notes Mrs. Helm. "Pearls, marbles, coins, etc.

"And it likes to eat off the table when we're having a meal."

Eat it does - everything including ice-cream!

Trudeau won't run in another election, MP

Conservative leader Robert Stanfield and NDP leader David Lewis won't be the only national leaders missing from the next federal election.

According to Northumberland-Durham MP Allan Lawrence, that is.

Mr. Lawrence says Prime Minister Trudeau will be missing too.

"I believe Mr. Trudeau has led his party for the last time in a federal election," he said, in a statement to this newspaper.

"The recent election has again confirmed Mr. Trudeau does not represent, as a national leader should, all regions of this nation. It proved that he has no policies to solve our national problems, and I am ready to prophesy that within 12 months he will be as unpopular a Prime Minister as Canada has ever had."

"Ultimately, at a time chosen by the Liberal Party, he will retire before the next general election."

Mr. Lawrence made the statements in commenting on Mr. Stanfield's decision to step down as Conservative leader, and not to contest the next election.

"This is one of many reasons why today, as responsible members of the Official Opposition, Conservatives are carefully, considerately and constructively laying plans to re-organize in the country and in Parliament. Then, when the next general election is called in 1977 or 1978, we will be ready and able to convince the people of Canada that we can best represent them."

"There is no national figure as well qualified, or as capable as Mr. Stanfield, to co-ordinate our re-organization until the time does come, about two years from now."

when we will choose a new national leader."

ADULT ENTERTAINMENT

Bill Smiley

Those were the days

by Bill Smiley

Once upon a time, I really enjoyed shopping in supermarkets.

My wife hates shopping of any kind. Most women, I believe, rather enjoy it, especially for clothes. She detests it.

Therefore, she'd hand me a list as long as a foot, and off I'd go to the supermarket. Walking into that air-conditioning on a sweltering summer day was like going for a cool swim off a red-hot beach.

Picking up your empty grocery cart was like getting into a boat to go fishing, or finding an empty cornucopia to fill.

Then there was the pleasant, leisurely stroll through the vast maze of goodies. Past the vegetable counter, where the contents were sprayed with water to make them look "garden-fresh". Poking through the meat counter, with the red light overhead to make the meat look fresher.

Along the frozen-food section, where I always did some wild impulse buying, like fiddleheads or fresh shrimp in a gourmet sauce.

Into the fruit section, where I'd snatch up a basket of apples that looked as though they came from the Garden of Eden and tasted like wet tissue. Or grab a bag of oranges that looked as though they'd just been plucked off a tree and had about as much juice in them (and a lot more seeds) as a wizened little old lady of 94.

Pondering over the cheese counter and selecting a ripe Camembert, forgetting the cheese slices which were on the list.

Then there were the delightful personal encounters. The bowing and stepping back and smiling when you almost ran into a little old lady with her cart. The making friends with sticky babies riding in the baskets. The brief interchange with a friend and the inevitable, "We must get together one of these days." The polite and friendly clerks who would gallop a quarter-mile up and down the aisles to find you one small item you couldn't locate.

And finally, a pleasant chit-chat with the cashier, and the cheery willingness of the packers, the boys who put your stuff in bags and then carried it to your car, even in a blizzard, refusing a tip, once, then taking it with thanks.

Those were the days. But they're gone. Oh, the same cruddy moodmusic comes over the speakers. The signs and banners are there, more misleading than ever. But by gosh, the price is NOT right, the service is lousy, and the old courtesy and leisureliness is a thing of the past.

The vegetables are still hoses down, but now the customer is being hoses as well. Fifty cents for a head of lettuce?

We now walk past the meat counter with eyes averted, until we come to the hamburg section and surreptitiously snatch up half a pound.

The frozen food department is enough to freeze the blood. In fruit, raspberries at \$1.00 a pint, bananas that look beautiful at ten cents each, and rot overnight. And on and on. Cheese must be made of angels' milk.

Service? You might as well be in the Sahara looking for an oasis as in a supermarket.

Part time help needed

The Madoc Review is preparing to launch an all out campaign to make this village's community newspaper the 'best in Canada' for its circulation class.

In its efforts to do this, the management is looking for several part time staffers as follows:

NEWS CORRESPONDENTS

Part time people who would be interested in gathering news of the community and area from their own home, and occasionally covering local events 'on the spot'. We need one to look after women's news (teas, socials, anniversaries, etc.) and one to look after local sports.

PHOTOGRAPHER

Part time photographer who would like to take area pictures for publication in the paper. Dark room experience an asset. High school student acceptable.

APPLY IN WRITING ONLY TO

The Publisher, The Madoc Review, Madoc, Ontario

THE PEOPLE WE SELECT WILL BE PART OF THE TEAM WE ARE BUILDING TO MAKE THE MADOC REVIEW A REAL AWARD WINNER.

EACH WILL BE GIVEN TRAINING ACCORDING TO THE POSITIONS THEY GET.

ONLY DEDICATED PEOPLE, INTERESTED IN THEIR HOME TOWN AND ITS NEWSPAPER, NEED APPLY.

District

COOPER

Attend anniversary

Mr. and Mrs. Burton Sandford spent a few days last week in Belleville, guests of Mr. and Mrs. Calvin Ball and family.

Mr. Thomas Robinson and son, Oshawa, were callers in town on Saturday.

Featuring Coyne, Hazzards, Eldorado, Bannockburn, Kaladar, Cooper, Queensboro, and area.

Name winners hay and grain

Winners of the Hay-Pasture and Cereal Grain Crop competitions sponsored by the Ontario Department of Agricultural and Food have been announced.

William Hurst, field crop specialist, judged the standing hay-pasture crop and announced the scores as follows:

Fred Stien	84
Allen and Grant Ketcheson	79
Ross Moorcroft	75
David and Joe Foley	70
Harold Harris	68
Don McKinnon	67
Jas Miller	65
Sager Bros	63
Raeburn Robinson	61

The other five competitors received a score from 60 downwards.

A sample of the crop of the nine top

competitors have been forwarded to Guelph for a protein mineral analysis test and a feed clinic will be held in October or November.

The cereal grain crop was judged by Ross Kitchens of Roslin and he has announced the scores as follows:

Allan and David Franks	94
Sager Bros	92
Allan Thompson	91
George Robinson	91
Allen and Grant Ketcheson	90
Raeburn Robinson	90
Richard Chapman	90
Jas A. Miller	87
Harold Harris	87
Fred Stien	86

The score of other competitors ranged from 82 to 65.

premises day of sale

Strictly Fresh

An old-timer is one who
recalls when red tape was the
only kind to worry about.

Keep the home fires burning
and you'll have the arson
squad on your neck.

The best way to play golf
with the boss is 19-over-par.

Can you recall when they
waited till the leaves began
to turn to play football?

A penny saved is soon
shucked out for sales tax.

They're already making
closing arrangements for
some of the new fall TV
shows.

The swallows have re-
turned to Capistrano, and the
pigeons to City Hall.

The trouble with being on
the ball is that it's mighty
slippery footing.

Mr. and Mrs. Wesley Milligan of Stirling,
Mr. and Mrs. Percy Crawford and Mr. and
Mrs. Brian Danford and family, Madoc,
spent Thursday evening with Mr. and Mrs.
Ward Howard.

Mr. and Mrs. Duell Simmonds, Wade and
Larry of Sulphide spent Saturday evening
at Mr. and Mrs. Ward Howard's.

Mr. and Mrs. John Trehearne, Robert and
Leanne, of Hazzards Corner are holi-
daying at MacKenzie Lake.
Mr. and Mrs. T.D. Moorcroft and family
of Whitby and friend Miss Bronwen Millet
of Buffalo were afternoon callers at "Valley
Croft" on Sunday.

Misses Alma and Minnie Moorcroft and
Miss Lillian Hart of Belleville spent Sunday
evening with Mr. and Mrs. Will Hart in
Madoc.

Miss L. Hart has been spending a few
days at "Valley Croft" and had a few
outing for "bird watching" with Minnie
and/or Alma. Some of the birds sighted (a
few of them already in their confusing fall
colours) were rose-breasted Grosbeak,
Oriole, Northern Shrike, Red-tailed Hawk,
Vultures, Bobolink, Veery, Cedar Wax-
wing, Indigo Bunting, Redstart, Peewee,
Goldfinch, Purple Finch, Chickadee,
Nuthatch, Downy Woodpecker and only
(one) Robin, which is rather strange.

Those big black birds you see these days
circling and soaring overhead, or feeding
on the roadside are not "big black hawks"
but the Turkey Vulture with a wing span of
six feet. They are very useful birds, in that
they are scavengers and clear away for us.
Those animals such as racoons, porcupines
and woodchucks that are slaughtered by
cars on roads and highways. Don't shoot
them!

FLEMING - Julie Lynn is happy to announce the arrival of her baby sister, Donna Christine, born July 30, 1974, at Belleville General Hospital. Proud parents are Grant and Sandra Fleming.

NICKLE - In loving memory of a dear husband and father, Albert Nickle, who passed away August 23, 1972. Today recalls the memory. Of a loved one gone to rest. And those who think of him today, Are the ones who loved him best. The flowers we lay upon his grave, May wither and decay. But the love for him who lies beneath, Will never fade away.

Always remembered by wife, Freda and family, Grant, Edith, Eileen, Doris, Gerald, Gardiner, John and Ross.

NICKLE - In loving memory of a dear father, Albert Nickle, who passed away August 23, 1972.

So many things have happened Dad, Since you were called away. So many things to share with you Had you been left to stay. The happy hours we once enjoyed Every day in some small way, With farewells left unspoken, You were quickly called away. God knew you were weary, The hill too steep to climb. He gently took you hand in his, And whispered, "Peace be thine."

Always remembered and sadly missed by son and daughter-in-law, Grant and Nettie.

ROUSHORN - In memory of a dear mother and grandmother, Lena, who passed away August 24, 1973. Gone is the face we loved so dear, Silent the voice we loved to hear, Too far away for sight or speech. But not too far for thought to reach, As long as life our hearts shall hold, By memory ever dear. And o'er thy grove in loving grace, Shall fall a silent tear.

Lovingly remembered by Helen, Freeman, Terry, Debbie, Brian and Bonnie.

IN MEMORIAM

ROUSHORN - In loving memory of a dear mother, Lena, who passed away one year ago on August 24. "Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him, and He shall direct thy paths." Proverbs 3:5,6. Lovingly remembered by daughter Linda, Elwood and Mark.

ROUSHORN - In loving memory of a dear wife, Lena, who passed away August 24, 1973.

Peacefully sleeping, resting at last, The world's weary troubles and trials are past. In silence she suffered, in patience she bore. Till God called her home to suffer no more.

Sadly missed by husband Henry.

ROUSHORN - In loving memory of a dear mother and grandmother, Lena, who passed away August 24, 1973. God saw you getting tired, when a cure was not to be. So He closed His arms around you, And whispered, "come home to Me." You didn't deserve what you went through.

And so He gave you rest, God's garden must be beautiful. As He only takes the best.

Always remembered by Dorothy, Peter, Annette, Anthony and Robin Colleen.

ROUSHORN - In memory of a dear mother and grandmother Mrs. Henry (Lena) Roushorn who passed away August 24, 1973. A little tribute small and tender. Just to say we still remember. Ever remembered by son Bill and family.

CARD OF THANKS

CARD OF THANKS

I WOULD LIKE to thank my friends, neighbours and relatives, the Queensboro U.C.W. Unit 1 and W.I. for flowers, fruit, gifts, cards and those who visited me while I was a patient in Belleville General Hospital and since returning home. Also thanks to Drs. Allore, Aien and Berry, nurses and staff on the fifth level for their wonderful care.

JEAN TOKLEY

Keep your GM Car Original Use Genuine GM Parts

Is a substitute for the real thing worth it?

In the automotive business you can find substitute parts and accessories. Our factory trained technicians are specialists on GM Cars, and use the latest most up-to-date equipment. But why settle for less than the real thing?

All parts are not the same. There can be a big difference in quality and performance. If you're not using genuine GM parts on your GM car you probably are short changing yourself.

GM parts meet all original equipment specifications and requirements. They are built proven for maximum performance and durability. In fact GM parts are better.

HEY MOM!

Tired of not enough space? Come and see this beauty. Located on three large lots in Madoc, this five bedroom home features a bath and a half, a large kitchen with lots of cupboards, a living room, dining room and it has had many renovations. Also the gardens in!

LOUISA ST. TWEED

This lovely four bedroom home has to be seen to be appreciated. This home boasts: 1. Lots of cupboard space in a large kitchen, 2. Two baths, 3. A finished recreation room, 4. A playroom or fifth bedroom, 5. A laundry room with a freezer which will remain, and much more. Call to see this one today.

CALL MAUREEN ALLIN 478-2944

ONE HUNDRED ACRES

Of wilderness with excellent hunting and fishing. The river flowing through this property, provides access to the Skootama Lake. A good dirt road runs through the property and another good road runs along the northern limit. This property provides considerable length of shoreline suitable for cottages. Priced at \$19,000.

TRYING TO GET STARTED

Instead of renting an apartment, this one bedroom bungalow could help you save the down payment for that large apartment that you're going to need in the future. It's neat, clean and well kept.

THINKING OF SELLING ?

Have out of town inquiries for good and rough land, also cottages, resorts. Some with all cash. Call: Omar Chilsholm, or Patricia Kujadit, Belleville. Collect 966-3512.

Here's the Answer

In the Kitchen

MEXICAN MEATBALL SOUP

1	can (10-3/4 ounces)	condensed golden mushroom soup
1/2	pound ground beef	tablespoons fine dry bread crumbs
1/4	teaspoon salt	dash pepper
1/2	cup celery cut in thin sticks	cup celery cut in thin sticks
1/3	cups water	teaspoon oregano leaves, crushed
1/8	teaspoon ground cumin	

Mix 2 tablespoons soup with beef, crumbs, salt and pepper. Shape into 24 small meatballs. Arrange on broiler pan. Broil 4 inches from heat until brown; turn once. In saucepan, combine carrots, celery, water and seasonings. Cover; simmer 5 minutes or until vegetables are tender. Stir in remaining soup; add meatballs. Heat; stir occasionally.

Fix-It Tip

Masonry repairs are generally done in the spring. This is a fact that has little to do with the weather. It just happens that people make repairs mostly in the spring because they neglected to do so in the fall.

And the hairline cracks you thought were not worth bothering with last fall are now a good deal larger. During the cold winter, rain filled the cracks, froze and enlarged them. Snow and ice did the same thing. Then thawing caused alternate contraction and expansion.

First chance you get, inspect sidewalk, foundation and driveway carefully. Examine especially well the joints where sections of masonry meet. A patio, walk or drive that meets the house foundation has a joint that is a likely spot for damage.

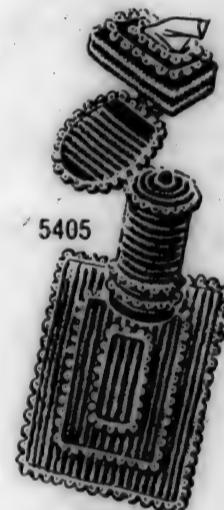

Tizzy

"I've noticed that since I've gone on a diet, I have a lot more repeat offers to baby sit!"

Strictly Fresh

Political wrongdoing is defined as — "somebody goofed."

Don't knock the daytime serials on video — they're chock-full of nourishing corn.

Show us a man with money in the bank, and we'll find you a wife who'll draw it out tomorrow.

When we make our will, it will start thusly: "To whom I owe everything I possess . . ."

If the grass is greener on the other side of the fence, the other guy is putting out a lot more for grass food than we're going to waste.

**Pricing
Policy . . .**
Recently, a shopper wanted to know why only a few cans of peas were priced at 32¢ while the rest of the stock on the shelf was two cents more.
The reason for the price difference among identical products is that Mr. IGA does not increase the price of old stock when new stock items come in at a higher price. Naturally, the new stock is priced higher because the store had to pay more for it.
Conversely, throughout the year there are many price reductions passed on to customers, weekly specials and features when suppliers make special offers at reduced prices, for quick-selling of seasonal items, for competitive reasons, etc.
If you have the space to properly store items sold at lower prices, it pays to stock up — otherwise remember the garbage can could become a very subtle pickpocket!

Vandalism hurts plan re-open Crystal Beach

Main office building amid damaged area

Thanks to the worms...

Worms can prove to be pretty valuable.

William Hawthorne Junior used them in financing the 11 parcels of land he put together to form the 600 acres that today comprise Crystal Beach.

How did he do it?

See page six.

By DON MULLAN,
Review staff writer

Vandalism is complicating plans for the re-opening of one of the Highlands of Hastings best known summer resorts - Crystal Beach, Madoc, on the shores of Lake Moira.

The resort closed in the fall of 1970 amid complaints of lake "pollution" after a very successful run of summers dating back to the 1940's.

Containing several cottages and 300 camp sites, the tourist attraction contained a population greater than that of Madoc Village throughout most of the summer season.

But when the pollution came, and the then Department of Lands and Forests posted a sign on the beach gate reading "Don't eat the fish," Mr. and Mrs. William Hawthorne Junior closed down.

"Just too many complaints," they told this newspaper.

"We'd had more than our fill of 'What have you done to the water?'" Mrs. Hawthorne pointed out.

The building of a lagoon for the Madoc area has helped the situation, however, and the Hawthornes believe that if phosphate was removed from the lagoon

through a special treatment process, much of the remaining problems with the lake water would be solved.

Because of the improvement, however, the Hawthornes are planning to re-open the premises next summer.

"But the vandalism is hurting," they say.

Buildings have been broken into, cupboards and doors smashed, and records and other materials scattered.

Outboard motors, record players, water pumps, life jackets, cash registers, etc have all been stolen.

Human waste has been deposited on floors.

Obscene language has been sprawled on windows and walls.

"It will take us two more years of work to make up for the damaged areas," Mr. Hawthorne says.

"And five years of park revenue to pay for it."

Ontario Provincial Police, called into the campground over the weekend, are investigating.

Mr. Hawthorne says he plans to open the camp on July 1st, and run through until Labor Day, "on a day-to-day pay-as-you-stay basis.

"Since we don't know what the lake water will be like, on any given day, we won't be accepting any advance reservations, and we won't be booking organizational picnics.

"But campers and picnickers can come in on a day to day no reservation basis, and the campers can stay as long as they like - if they don't like the water, they can move on."

10-year-plan to make resort one of the finest

William Hawthorne Junior plans to spend the next 10 years of his life turning the Crystal Beach, Madoc, summer resort into one of the finest campgrounds in the province.

And he intends getting to work on the project in the very near future.

"It will take 10 years of investment and time, but Centre Hastings will have one of the finest resorts around," he says.

Mr. Hawthorne, a native of the Madoc area, plans to clean up the grounds, repair buildings, etc., between now and next summer, and officially re-open the campground to public use July 1, 1975.

Dancing will be run on the weekends, the horse stables will be open daily, and the variety of other activities the campground has been so noted for in past years, will be reactivated.

Long range plans call for the building of tennis and squash courts and a swimming pool.

Mr. Hawthorne has taken courses on the construction and management of swimming pools, and by December of this year, will have had some 6,000 men enjoying the facilities of two recreation clubs he manages in Toronto.

Work on the restoration of the camp will get underway with the painting of picnic tables this fall, and the cutting of elms this winter.

Roads will be fixed up with gravel from the gravel pit on the property.

"It will be a lot of work," Mr. Hawthorne acknowledges.

"And even more work, if the vandalism doesn't stop.

"It's very discouraging."

HE'S ALWAYS CHEERFUL

TODAY'S CHILD

BY HELEN ALLEN

Ronnie is an alert baby of 14 months with a passion for anything that makes a noise. Happy, responsive Ronny is sturdily built with very dark eyes, light brown hair and fair skin. He has eight teeth whose arrival did not bother him at all. In fact nothing seems to worry Ronny who is normally cheerful and seldom cries.

Yet this lovable youngster has a major problem. He was born with spinal bifida, an injury at the base of the spine which often results in paralysis of the lower part of the body. He also has hydrocephalus (abnormal build-up of fluid inside the skull) which is being satisfactorily controlled.

Ronny has no movement in his legs but his arms and shoulders are strong and muscular. Ronny has been fitted for leg braces but they are not ready yet. When they come, he will also have a walker and will start on physiotherapy with the object of strengthening his legs. No forecast can yet be made as to whether he will walk. As if this were not enough, Ronny has no bladder or bowel control. Schedules can usually be worked out to handle the latter problem, however, when a child is older.

Ronny is an appealing baby with a winning personality. He is affectionate with his foster family and accepts strangers amiably if they will wait for him to make the first advances.

Ronny is considered at least average in ability. He is saying a few words and starting to feed himself. He is eating mostly table foods now.

Lovely Ronny needs parents who will give him much love, stimulation and excellent physical care. Such special people are invited to write to inquire about adopting Ronny.

The address is Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

You and the law

Question - I am 22 years old and unmarried. I've been living in a hotel for two weeks because I can't find an apartment. Last night I saw a beautiful place and the rent was just right. But the landlord said he wouldn't rent to a single woman. What can I do?

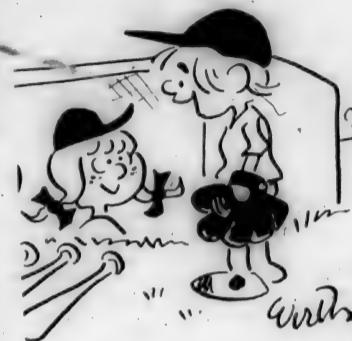

Answer - Under the Ontario Human Rights Code a landlord cannot discriminate in renting housing accommodations with regard to sex or marital status unless there are facilities which he or his family must share with tenants or unless every tenant in the building is of the same sex.

If you feel you have been discriminated against, get in touch with your local branch of the Ontario Human Rights Commission (a division of the Ministry of Labour). They will try to mediate, and they can lay a charge against the landlord if this fails.

Don Frederick looks at Queen's Park

Gov't makes it plain!

THE HOME TEAM

TORONTO--The government made it plain -- violence is out in Ontario amateur hockey and the pro leagues can get their bully boys from somewhere else.

The McMurtry report of the inquiry into amateur hockey violence was released last week and the Davis government generally endorses the report.

Boiled down, the 47 page report recommends:

- One fight and the brawlers are out of the games.
- Make coaches responsible for the conduct of players. That means some sort of disciplinary action if the coach tries to duck.
- Make more effort to educate fans and parents about the objectives of amateur hockey -- or less pressure by coaches, fans and parents on the players to win.
- Expand coaches' clinics and eventually make certifications of coaches mandatory.
- Establish an Ontario Hockey Council.

Coming season?

Premier Davis said he saw no reason why the one-fight-and-out rule shouldn't be put in this coming season. He also admitted he didn't know of any action his government could take to make the recommendation mandatory.

The report went to Rene Brunelle, minister of community and social services, who said the government planned to add \$60,000 to the present \$30,000 it now provides for coaching and refereeing clinics.

Bill McMurtry, the Toronto lawyer who conducted the inquiry, is tough on the NHL.

In the NHL there is an emphasis on winning... growing use of violence, as a tactical instrument to achieve victory, and an attempt to sell hockey in the U.S. "where a hockey brawl is understood more easily than the fine points of the game," he said.

"Predicatable," was the NHL players' association president Alan Eagleson called his law partners report on amateur hockey.

Downhill nonsense

"It was natural that the NHL would be criticized simply because it's the major game. I can understand the concern for amateur hockey and there should be major changes -- but to suggest the NHL is on a downhill slide because of violence is nonsense."

King Clancy, Maple Leaf vice-president and Hockey Hall of Famer: "I don't think hockey is violent, but I've been in pro hockey all my life, and I don't know much about amateur."

"I got my own stick when I was a kid and picked up any coaching I could get where I could get it."

"I've been in the game for 50 years and I think its a fantastic game, its not rough at all."

The inquiry was called after Bramalea Blues withdrew from the Ontario Junior B final series last spring. There had been a fight-filled first game against Hamilton.

The Government made it pretty clear it doesn't want to have Ontario amateurs run a kindergarten for the pros.

Crystal Beach resort overlooks the Moira Lake

William Hawthorne Junior looks out over the waters of Moira Lake from the shores of his soon to be re-opened Crystal Beach

summer resort. The resort, if plans go according to schedule, will re-open to the public July 1, 1975.

This deer head lies amid rubble and garbage bags after vandals ripped it off the wall during a break-in at the resort's main office recently. "Vandalism is disappointing - it's putting us behind schedule."

New vice-principal

Everett English has been appointed the new vice-principal of Madoc Public School. Born in Peterborough, he received his elementary and secondary school education there, as well as attending Peterborough Teachers College. He holds a B.A. degree from Queen's University.

Along with his wife, Donna, and children Jed and Krista, he resides at Moira.

Before coming to Madoc Mr. English was head of physical education at Tweed Hungerford High School and served as physical education consultant for Hastings County. More recently he was vice-principal at Queen Victoria Public School, Belleville.

Mr. English replaces Bev Browning, former vice-principal at Madoc Public School, who chose to return to a Grade 8 classroom rather than be transferred as vice-principal to another school.

Township of Huntingdon
ROAD CLOSING

In the matter of The Municipal Act, and in the matter of a proposed By-law of the Corporation of the Township of Huntingdon to stop up and close a section of an unused allowance for Highway;

NOTICE is hereby given pursuant to Section 443 of The Municipal Act, Chapter 284, R.S.O. 1970, that the Corporation of the Township of Huntingdon proposes to consider and, if deemed advisable, to pass at a regular meeting to be held at the Township Hall in the Hamlet of Ivanhoe on the 10th day of October, 1974, at the hour of 8:00 p.m., a By-law to stop up and close part of the allowance for road, in the east half of Lot 14, Concession 9, formerly a part of County Road No. 9, of the said Township of Huntingdon, which said parcel is described as follows:

ALL AND SINGULAR that certain parcel or tract of land and premises situate lying and being in the Township of Huntingdon in the County of Hastings and being composed of part of the former road allowance of County Road No. 9 in the east half of Lot 14, Concession 9, in the said Township and which parcel or tract of land may be particularly described as follows:

Premising that the east limit of said Lot No. 14 has a bearing of N 19 degrees, 37' W and relating all bearings herein thereto;

Commencing at the southeast corner of Lot No. 14 thence N 19 degrees 37' W and being along the east limit, of said Lot No. 14 a distance of 4,486.18 feet to a point on the south limit of County Road No. 9 as shown on Plan 1747, which is the start of the road closure a distance of approximately 1,085 feet in a southwesterly and westerly direction of its intersection with the south limit of County Road No. 9 as shown on Plan No. 1747.

AND FURTHER TAKE NOTICE that before passing the said By-Law at a meeting to be held at the time and place above mentioned, the Council of the Corporation of the Township of Huntingdon shall then and there, hear in person or by his Council, Solicitor or Agent, any person who claim that his land will be prejudicially affected by the said By-law and who applies to be heard.

Dated at the Hamlet of Ivanhoe, Ontario, this 20th day of August, 1974.

DOROTHY F. THOMPSON,
Clerk,
Township of Huntingdon.

President Treasurer Secretary

Queensboro

Bill Anderson returned home this week after spending some time in Belleville General Hospital.

Mrs. Gerald Barry and Michelle spent last week in Brooklin at the home of Mr. and Mrs. Ken Yates.

Mr. and Mrs. Ross Blakely and family, Long Sault, spent the past week at the home of Mr. and Mrs. Fred Bosley.

Mr. and Mrs. Bill Leslie and children and Mrs. Dorothy Leslie, Grand Prairie, Alberta, spent a few days last week at the home of Mr. and Mrs. Roy Rollins. Mrs. Lloyd Starke and children, Peterborough, also spent a few days last week with relatives here.

Mrs. Jas. Roushorn, Whitby, spent a few days last week at the home of Mr. and Mrs. Leslie Holmes.

Mr. and Mrs. Joe Ash, Madoc, visited Mr. and Mrs. Arthur Holmes and Mrs. Ash, Friday evening.

Mr. and Mrs. ARthur Gough and boys spent three weeks recently in Texas.

Mr. and Mrs. Don Martin and family, Fitzroy Harbour, were weekend visitors of Miss Roberta Sager.

Bannockburn and district banter

Recent guests with Mrs. M. Simpson included Mr. and Mrs. Harry Wiley, Sault Ste Marie, Mrs. D. Valliers Cooper and Mr. and Mrs. William Moffatt, Peterboro.

Mr. and Mrs. Donald Harris and daughter Martha called on Mrs. Donly on Wednesday, while visiting Mr. and Mrs. Harris at their Steenburg lake cottage.

Mr. and Mrs. Donald Simpson and family spent Sunday with relatives in Trenton.

Mrs. D. Vallieres of Cooper called on Mrs. M. Simpson one evening last week.

Mr. and Mrs. Kenneth Donly and Mrs. Donly Sr. attended the funeral on Saturday in Toronto of the late William Douglas Sr.

Mr. and Mrs. Stanley Moorcroft spent Sunday evening with Mrs. George Moorcroft and Monday evening called on Mrs. John Moorcroft and Warren at West Huntingdon.

around Hazzards

afternoon in Tweed with Miss Francis Harris and Mrs. T. Moffatt.

More good news to report - Max Burnside is home again, even though with limited exercise for six weeks. Elmer Chambers' final x-ray gave a good report.

Mrs. J. Burnside was allowed home for the weekend, August 24-25. Her son Harold and his friend E. Carr were also at her home for the weekend.

Last week's notes contained a slight misprint or two, in that their was an extra period and capital in the paragraph on Vultures. Also Mr. Simmon's name is Durl, not Dueil.

More birds sighted and not named last week are Humming Birds, Catbird, Meadow Lark, Warbling Vireo, Red-Eyed Vireo, Ovenbird, Least Flycatcher, Purple Finch, Brown Creeper, Savannah Sparrow, Black and White Warbler and Spotted Sandpipers.

Plans in flower seen at O'Hara's Mill yesterday are Joe Pye Weed, Boneset, Swamp Candles, Swamp Milkweed, Blue Lobelia, Wood Aster and near by, the Tall Purple Loosestrife - all pretty wild flowers.

This and that in the Cooper area

Mr. Murray Stein, Upsala, Mr. and Mrs. Terry Stein and family, Thunder Bay spent last Wednesday and Thursday with Mr. and Mrs. Fred Stein and family.

Mr. and Mrs. Fred Stein and family called on Mr. and Mrs. Keith Stein, Trenton and Mr. and Mrs. Norman Stein, Belleville on Sunday afternoon.

Mr. and Mrs. Lynn Holmes and family attended the 50th wedding anniversary of Mrs. Holmes' parents, Mr. and Mrs. Tom Hannah in Marmora two weeks ago.

Mrs. Helen Holmes and Mrs. Reta Sloan participated in a walkathon on Sunday and both walked 10 miles. Proceeds were for the Tops Club.

Mrs. Gordon Holmes is spending a week or so with Mr. and Mrs. Bruce Askey and baby Tanya, Oshawa. Congratulations to

Mr. and Mrs. Bruce Askey on the arrival of their new girl, born last Thursday in Oshawa General Hospital.

Mr. and Mrs. Rex Rollins and Mrs. Frank Parks were last Friday dinner visitors of Mr. and Mrs. Earl Parks, Belleville.

Mr. and Mrs. Clifford Hart and girls of Belleville were recent visitors of Mr. and Mrs. Herb Brady.

Sympathy is extended to Mr. and Mrs. Lawrence Courneyea and family on the passing of Mrs. Courneyea's father last Thursday in Halifax, N.S.

Mrs. Frank Parks was a Sunday dinner guest of Mr. and Mrs. Jack Durham of Stirling.

Mr. and Mrs. Rex Rollins spent Sunday supper with Mr. and Mrs. Earl Wartman, Madoc.

SPECIAL SPEAKER
Rev. Harry M. Davis, B.A., B.D.

Sports

Garnet E. Pigden, 18, and a grade 13 student at Centre Hastings Secondary School, has been named CHSS correspondent for the Madoc Review.

Garnet, head boy at the school for the 1974 year, heads the student council, and through his first hand opportunity, will give area readers a complete rundown on academic, athletic and social events at the place of higher learning.

Garnet played soccer and partook of wrestling, boxing and track and field activities last season, and was also active in the Inter-House Council.

His news from CHSS debuts in the Review next week.

It's Caledonia next

The Eldorado Expos meet Caledonia for the Ontario Rural Softball Association squirt "A" championship.

Game two of the set takes place Saturday.

Eldorado eliminated Brighton in semi-final play, taking the set two games to one. Eldorado won the first game 8-6, in Madoc, Randy Gray picking up the mound win. He struck out 12, walked two and allowed only five hits. A home run with the bases loaded in the second by Billy Bateman accounted for four of the runs.

Brighton won game two at home 13-6. Some costly errors accounted for the loss, as Gray again pitched good ball in allowing only six hits. He struck out three and walked three. The locals got seven hits, Shaw and Gray leading the list with two safeties apiece.

Game third, back in Madoc, saw

Crookston last frame rally nets victory

Crookston came up with two final inning runs to overcome a 1-0 deficit and nip Sheddron 2-1 in the opening game of their best-of-three Ontario Rural Softball Association semi-final series at Stirling Saturday.

Sheddron scored their lone run in the fifth, when Bruce Bogart connected for a two-out single to score Virgil Tizzala from third.

An overthrow at first base launched the game winning rally in the ninth, putting a runner on first with none out. Pinch hitter Larry Barnard drove a single past the short stop and Jack Oliver tied it up at home. Ken Smith doubled, sending Oliver to third. Roger Smith drove a hit to the short stop who threw the ball to the plate but not in time to prevent Oliver from scoring.

Sexsmith allowed four hits, while walking two. Larry Walker gave up six hits and showing perfect control didn't walk anybody.

Game two of the set is slated for Sheddron Saturday, August 31, at 8:30 p.m. A chartered bus will be leaving St. Paul's United Church, Stirling at 1 or 1:30 p.m., and anyone interested in going should contact Garfield Alesworth at 473-2168.

A third game, if necessary, will be played in Stirling Sunday, Sept 1 at 8:30 p.m.

THE HOME TEAM

"Well are you going to stand there and let him pitch underhand to me?"

Donations help village pay for compressor

Several donations, the result of a lot of work by many people, have come into Madoc Village coffers to help pay for the cost of the new compressor at the Madoc Arena.

The village council expressed its appreciation of the donations, during its last meeting, and listed them as follows:

Madoc Winter Carnival committee, \$1,500.

The net proceeds from the 1967 Twins vs Campbellford Intermediate "C" hockey game, \$56.41.

The needle arts class, \$86.13.

Pigden Motor Sales, \$68.52.

Proceeds from the recreation commission bingo, \$257.94.

Thanks was also expressed to the Madoc Kiwanis Club and the Ladies Auxiliary to the Royal Canadian Legion for assistance with bingo games.

Madoc ladies win crown

Madoc Ladies have won the Trent Valley Ladies' Softball League championship in three straight games.

Wonderful team-work on the part of the locals took them through the 12 game schedule without a loss, and lost only one game in playoff action.

Four teams were entered in the league, and final standings were as follows:

	W	L	T	Pts
Madoc	12	0	0	24
Springbrook	8	4	0	16
Cooper	2	9	1	5
Stirling	1	10	1	3

Semi-final action saw Springbrook oust Stirling 28-16 and 25-15 and Madoc oust Cooper 16-14 and 22-2 after losing the first game 16-14.

The final series was a sweep, Madoc downing Springbrook 17-8, 22-10 and 18-13.

Playing for the team were Barbara Brooks, Ellen Gollick, Charlotte Bigelow, Lynn Deering, Carolyn Latchford, Marva Murphy, Dorothy McMaster, Vicki Fulcher, Lillian Nolan, Cheryl Carswell, Dorothy Peters, Wanda Donaldson, Donna Love, Donna Peters, Joan Donaldson, Sharon Helm and Shirley Cox.

The team played to a small but faithful group of fans over the season, and were sponsored by the Madoc Legion Ladies' Auxiliary.

As you see it

Go visit a psychiatrist

I would like to commend the Minister of Natural Resources upon their decision to open a bow and arrow season for the fall of 1974 in Dufferin County (and elsewhere) and direct a few comments to Mr. Tom I. Hughes, executive vice-president of the Ontario Humane Society, regarding his letter of August 21st in this newspaper. In his first remark Mr. Hughes says "there is no shadow of a doubt that bowhunting exposes the animals concerned to a greater degree of suffering than conventional firearms." That's absurd. There are more animals crippled on the earth today as a result of improper use of bullets, than have ever been SHOT AT with an arrow!

He goes on to say that "if the bow and arrow had been an effective weapon, the rifle might not exist today." How effective would you like it, Mr. Hughes? How many different species of wildlife have been rendered extinct because of bowhunting? I bet even you could name a couple of species that have been completely exterminated by guns.

While I agree that arrows can strike an animal in a non-lethal position, the degree of suffering caused by a bullet in a non-lethal area is no more un-human. The skill and accuracy of the hunter is demonstrated and responsible in either case. However, I can state as a fact that no HUNTERS were struck in a lethal position by an arrow last year! Can you say the same for guns and bullets, Mr. Hughes?

He says, "You cannot balance Nature with a bow and arrow." Has nature been un-balanced since the invention of the gun, Mr. Hughes? I would just love to see a huge flock of whistling swans or even one or two passenger pigeons fly overhead. Can you still give me a home where the buffalo roam?

The United States Game Commission (I must use U.S. statistics since Canada does not keep bowhunting statistics) informs us that "Humane Societies and firearms hunters have no cause to worry about excessive killing of game by archers. The percentage of deer, for example, is five deer for every hundred bowhunters." At such a rate, 1,000 archers kill less than 50 deer annually. To my way of thinking, this is a true form of conservation and harvesting at a sensible level. To this I add that at least two States in the U.S. have completely outlawed gun hunting because

Three cheers for community newspaper!

He's a super energetic guy,
He's right there with the news,
When councils meet and drag their feet,
He gives us all the views.

God bless the little newshound,
Who pops up everywhere,
Out in the sticks, his shutter clicks,
At every county fair.

With his tricky box of lenses,
To make good pictures certain,
I've even heard he gets the bird,
Behind the bathroom curtain.

He sneaks into the places
Where others dare not go,
He tells the news and gets the views,
Of the Queenie of our show.

But times are really changing,
They keep kicking him about,
To hide the news from public views,
They lock the newfolk out.

There should be no private meetings,
For which the public pay,
It's theirs to know who spends their dough
In a democratic way.

So, let's keep Clicky Dicky,
With his pencils and his pads,
We want the news and picture views,
Just like we always had.

VICTOR SMITH,
R.R. 2, Rockwood.

Apprehend two juveniles

The Madoc detachment of the Ontario Provincial Police have apprehended two juveniles in possession of a car reported stolen in Ottawa. The pair were taken into custody Monday evening on Highway 7, near the Whispering Pines Restaurant. They were taken to the Napanee Quinte Detentional Centre and were returned to Ottawa Tuesday.

The pair were taken into custody Monday

Elect area man to teachers' board of governors

W. (Wally) F. Pitt, principal of South Courtice Elementary School, R.R. 2, Bowmanville, and son of Mr. and Mrs. Archie Pitt of R.R. 3, Madoc, has been elected to the Ontario Teachers' Federation Board of Governors.

Pitt was strongly supported by delegates to the annual assembly of the Ontario Public School Men Teachers' Federation held for one week at the Skyline Hotel, Toronto.

As a member of the O.T.F. Board of Governors, Wally will serve as an executive of the Provincial OPSMTF also.

The Ontario Teachers' Federation is the parent body made up of the five affiliates, representing approximately 105,000 teachers.

Ontario Secondary School Teachers' Federation, Federation of Women Teachers Association of Ontario, Ontario Public School Men Teachers' Federation, Ontario English Catholic Teachers' Association and L' Association des Enseignants Franco-Ontariens.

Although his office officially begins September 1, he recently participated at the annual general meeting of the Ontario Teacher's Federation at Nottawasaga Inn, in Alliston.

In his executive position with OPSMTF Wally will visit many districts of the province, and is directly responsible as executive liaison to the districts of Durham, Northumberland and Newcastle, Victoria-Haliburton, Peterborough, Hastings, Prince Edward and Lennox and Additon in the south, and Atikokan, Rainy River, Kenora and Dryden-Red Lake in the north-west.

He will also serve as executive advisor for the provincial OPSMTF Scholarship Committee and Policy Committee while being back-up advisor to the committees of International Assistance in Education and Educational Studies.

In time and distance the work load should average out to about two evenings a week, seven out of every eight weekends, and 50,000 miles in ground and air travel.

When asked about his approach to Political Action, Wally stated his intent to be in communication with several members of the Legislature both at Queen's Park and in their respective ridings.

Wally will remain as full time principal-teacher at South Courtice with his

students, staff and community as his top priority. In his capacity as "Governor" though, he will work from his home in Oshawa and from the Federation office at 1260 Bay St., Toronto.

Summing up, Wally stated his prime objectives as the advancement of quality education and a greater involvement and understanding of the progressive educational systems of this province by the parents and communities served by the teachers.

He also stressed professional development within the teaching body and a concerted effort on behalf of all teachers to communicate with the public they serve.

Hastings County plowing match set for Rawdon Twp. farm

All roads lead to the farm of James Mitts, Lot 5, Concession 2, Rawdon Township, Ridge Road, one mile east of Stirling, Wednesday, September 11.

Mr. Mitts is hosting the annual Hastings County plowing match on that date, and participants from all over the county are expected to attend.

The program gets underway with a plowing demonstration at 9 a.m. and concludes with the announcement of winners at 3:30 p.m. In between are the

competitions, with the utility class starting at 10:30 and the regular classes at 12:30.

J. W. Gibson Imperial Farm Service will supply five gallons of fuel to each competitor and prizes range from \$12 to \$5 depending on a competitor's finish.

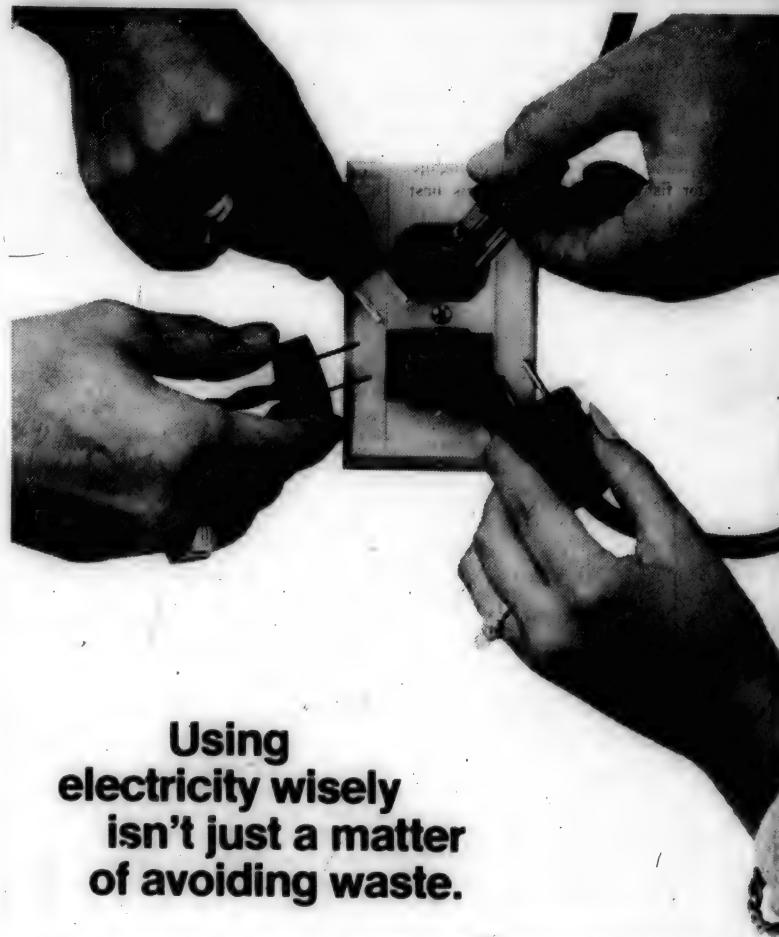

Special classes are planned for the younger set, with one open to those who are 12 years of age but will not have reached their 16th birthday by November 1st, 1974.

Using
electricity wisely
isn't just a matter
of avoiding waste.

Being watchful to avoid the frittering away of kilowatthours is everyone's concern, in the interest of economy and conservation of valuable energy resources.

But for some people, living in older homes with outdated wiring, restricted use of appliances is not always a matter of choice. They do not have sufficient circuits to serve normal needs without resorting to 'octopus' outlets and extension cords. The result: overloading and blowing of fuses.

These conditions also tend to diminish the performance of appliances and shortens their life.

Inadequate wiring is not only inconvenient, it can be a safety hazard. If you have any doubts about the capacity of your home's wiring have it checked by a qualified Electrical Contractor.

Then, use electricity wisely...
and safely.

"Comfortable living but a lot of hard work"

Well known guide retires at 72

By RUBY McCOY,
Staff writer

"A comfortable living but a lot of hard work", was the way a well-known local sportsman described his 40 years as a guide to fishermen.

"I'm very happy with the way my life turned out and wouldn't change a thing if I had to do over again", Forrest Dennis said as he approaches retirement.

Mr. and Mrs. Dennis have sold the cottage on Crowe Lake where they spent every summer since 1934 and are returning to their permanent home on the Trent River near Campbellford. Mr. Dennis expects to do some guiding there but not to the same extent as in the past. "When a man reaches 72, it's time for him to take life a bit easier", he said.

Dennis Forrest became a guide through an unfortunate experience. In the winter of 1931-32 he suffered a frozen lung while doing a double shift in 40 degrees below zero weather as an employee of Ontario Hydro. He spent most of the remaining winter in hospital, then two years in the Mountain Sanitorium at Hamilton when TB developed.

Ontario Hydro would not rehire him with only one lung so he was faced with finding another job. His doctor, the late Dr. F.C. Neal of Peterborough, who had known Mr. Dennis a long time and knew what he was capable of doing, suggested that he try making a living at guiding.

That was the beginning and looking back, Mr. Dennis said he is very happy his life turned out this way.

"It has been a very interesting life and we have met some very wonderful people", Mr. Dennis said.

His reputation as a reliable guide has grown until people from all walks of life and from all over Canada, Ohio, Pennsylvania and New York call to engage him for fishing trips. Some of his best customers have been millionaires but everybody gets the same kind of service.

Mr. Dennis was born in Cordova but moved to Marmora later with his family. As a lad growing up he travelled all over with his father, George Dennis.

Today, there are few lakes between here and the north country that Mr. Dennis does not know.

After two years of Continuation School in Marmora, he went on to take a four year course in three years at Central Technical School in Toronto to become a powerhouse operator. Upon graduation, he joined Ontario Hydro, working at Campbellford

A fine display of the big ones

and Smith Falls until his accident.

Mr. Dennis and his wife, the former Anne Maude O'Sullivan, will celebrate their 50th wedding anniversary next year. They have been very happy years together, Mr. Dennis said, adding that his wife has worked just as hard as he had looking after the fishing parties. The two have not been blessed with any family to whom they might have passed along the knowledge and business.

Forrest Dennis knows and loves Crowe Lake which, he says, is "the most beautiful lake in Ontario". He is a little worried that it will not remain as clean as it is now but he hopes everyone will help to keep it that way.

The fishing in Crowe Lake is still good. Mr. Dennis said, recalling that it was in 1927 that he and three other men, Alphonse (Phoney) Shannon, Bob Nayler and Fraser Bowen secured a licence to catch pickerel at Healey Falls and stock Crowe Lake with them.

The first reported pickerel was caught 12 years later by the late Herb English and the following year the late Joe Murphy got himself a nice one. Mrs. Dennis landed one

in 1941 weighing 12½ pounds. The biggest muskie Mr. Dennis ever caught weighed 42 pounds and this happened when he and his good friend Graham MacKecknie were growing up and were as much at home on the lake as on land.

Mr. Dennis has been secretary-treasurer of the Limerick Hunting and Fishing Club since it started in Madoc Township in 1960. He also belongs to a hunting party but isn't quite as active a hunter as he formerly was.

When the Dennis' leave the Marmora area about September 12 they do so with the good wishes of their many friends for a happy retirement. Now that Mr. Dennis will have time to enjoy fishing for himself he may even break his own record of a 42 pound muskie.

How's this for a good catch?

Marmora Fall Fair on Labor Day

Warden Jack McKenzie of Hastings County will be on hand on Labor Day to officially open Marmora Fall Fair at 1 p.m.

But long before that, the Fair, sponsored by the Marmora Agricultural Society will be well underway with a full program of events.

Marmora Fair has always attracted a good number of out of town exhibitors and this year is no exception. Secretary-treasurer Jim Bateman reports that over 75 people have already said they will be entering exhibits or livestock this year.

At least 12 teams of horses are expected to take part in the drawing contest which starts at 2 p.m.

Some of the new things to see at Marmora Fair this year will be a display from the Hastings County Historical Society and an antique threshing machine actually threshing grain.

Last year Marmora Fair had the best flower show in the area and it is expected this year will be equally as good.

18-year-old is charged with murder

An 18-year-old Marmora labourer, Jeremiah James Arthur Meneely, was charged Wednesday afternoon with murder in connection with the shot gun death of his father, James Meneely, 40, last August 1, 1973.

Meneely was taken into custody in Healey Falls, in Belmont Township by Casey Kotwa, Detective Inspector with the OPP Criminal Investigation Branch in Toronto, and Corporal B.L. Burchat, of the Madoc detachment of the OPP.

After the charge was laid, the man was taken to Napanee Quinte Detention Centre, where he remained in custody until a court appearance in Madoc Tuesday. A preliminary hearing at a later date will determine whether or not there is sufficient evidence to commit him for trial.

Gilmour woman escapes with cuts

An RR1, Gilmour woman escaped with cuts and bruises after her car left the road one mile east of Highway 62 in Tudor Township on the 18th Concession.

Leola Mae Burkitt apparently fell asleep at the wheel, causing her car to strike a service sign at a gas station and roll over, resulting in a total of \$800 damage.

Passing motorists save two lives

Passing motorists were credited with saving the lives of a Toronto man and his wife Friday afternoon after their car had left the highway and had rolled over in a swamp, partially submerging its occupants.

Several motorists passing the accident stopped and righted the car, freeing the trapped couple, Mr. and Mrs. George Stanbridge.

Hastings County Queen in semis

Eighteen-year-old Karen Doxator, representing Hastings County in the Ontario Milk Board Queen contest now being held at the Canadian National Exhibition in Toronto, has been picked to go into the semi-finals.

The RR 5, Trenton girl was one of two contestants chosen each night from a field of 10 to move up into the semi-finals, slated for 6 p.m. this evening.

At the bandstand, Keith Tompkins and the Cherry Valley Sweethearts will head up a variety program with lots and lots of prizes to be given away.

The Marmora and District Lions Club have once more lined up local and area residents willing to be a target on the "Dunking Stool". This event was very popular last year as many a governmental and municipal official ended up in the tank of water.

The Marmora 4H Calf Club will hold an Achievement for its 15 members. Judging for these events commences at 11 a.m. but the exhibitors must be on hand by 10 a.m.

There is a completely new school section of exhibits and displays to be seen in the arena, as well as all the baking, sewing, knitting and produce entries.

Anyone interested in obtaining a prize list may do so by contacting the secretary, Jim Bateman, at 472-5525 (area 613) or writing to him.

Madoc man suffers injuries

An RR5, Madoc man received a concussion and other head injuries after he was involved in a single vehicle accident Friday near CFB Trenton in Sidney Township.

James Davidson was a passenger in a van that left the road, sliding into a ditch and striking a tree. Four other occupants of the van were also injured.

Davidson was taken to Belleville General Hospital.

Tire blows out

An RR1, Madoc man lost control of his vehicle Monday when a tire blew, causing his car to leave the highway and skid into the roadside ditch.

James Devolin, 26, was uninjured but his car received an estimated \$600 damage.

Kay Peacock
Joins Review
team as
Madoc area
correspondent

Kay Peacock, Prince Albert Street,
Madoc, has been appointed news
correspondent of the Madoc Review.

Her appointment was announced today by
Don Mullan, editor and publisher.

Born and raised in the small town of
Howick, Quebec, Mrs. Peacock came to
Madoc for several summers before moving
to a farm in the Queensboro area in July of
1973.

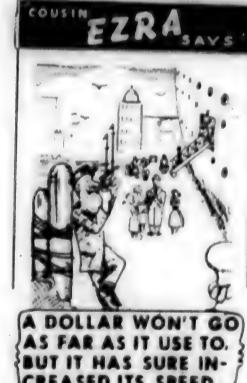

She, and her family, moved to Madoc in
April of this year, after buying a house in
January, and spending the next four
months fixing it up.

Kay's husband, Ken, is an air cooled
marine engine mechanic at Simpson-Sears,
Belleville, and the couple have three
children - Ken and Tom in high school and a
daughter, Trish, in public elementary
school.

The family belongs to the United Church.

"I am very pleased to be able to serve the
people of the Madoc area as news
correspondent of the Review, and look
forward to people getting in touch with
me."

Mrs. Peacock may be reached at
473-4470.

Who will be new fair queen?

Who will be Miss Madoc Fair, 1974?

That's the big question around the village and surrounding townships these days as the countdown toward the 1974 Madoc Fall Fair begins in earnest.

The fair runs September 27, 28 and 29 this year, and the fair queen will be crowned on Saturday, September 28.

Sandra Stein, 17, daughter of Mr. and Mrs. Fred Stein, won the honors last year and represented the fair at the annual Canadian National Exhibition "Sweetheart of the Fair" contest in Toronto this month.

While she didn't manage to make the finals of the 90-girl competition, her

SANDRA STEIN
Madoc

room-mate, Wendy Walford of Massey (near Sudbury) walked off with the honors and now serves as Miss CNE.

Last year, Noreen Pigden, daughter of Mr. and Mrs. Allan Pigden, R.R. 2, Madoc, won the local honors.

All area girls between 16 and 21 years of age and living within a 10-mile radius of Madoc, are eligible to compete. Each must submit an application form found in the 1974 fair book, and now available at the Madoc Review office, and be an exhibitor in the fair.

Points will be given for personality, charm, appearance, a short speech and an interview, along with highest points earned in the fair competition.

Friday evening the hog movies on the lawn at the home of Mr. and Mrs. Ken Burns.

Mr. and Mrs. Harley Blackburn, Mark, Lori and Lynn returned home after spending their holidays in northern Ontario.

Miss Joyce McCarey of Belleville spent the weekend with Mr. and Mrs. Frank Walker.

Mrs. Larry Maracle and family of Belleville spent Sunday with Mr. and Mrs. Earl Blakely.

Mrs. Harry Gawley is spending a few days with her Aunt Pearl McCann of Niagara Falls.

Mr. and Mrs. Gerald Blackburn and Mr. and Mrs. Leonard Blackburn went to Upper Canada Village on Sunday.

Sympathy of the community is extended to Mr. and Mrs. Ivan Sine on the death of Mr. Sine's father, Mr. Carl Sine of Belleville.

Happy Homemaking

By BARBARA BAKER

Washing or dry-cleaning will remove the lanolin from a Navajo rug and leave it lifeless. The best way to clean this type of rug is to lay it on a clean floor and vacuum thoroughly on both sides. Make a thick suds of warm water and mild soap and use a brush to take up the suds, brushing across the weave a narrow band at a time. Wipe off the suds and dirt with a clean rag wrung out in clear water. Do not soak the rug. When the rug is clean, let it dry — preferably spread out in the sun.

If you have a hard time

removing old putty from around windows, soften the putty with a hot soldering iron. The putty should come off easily — a small strip at a time.

The best way to avoid wrinkling your nylon curtains is to add starch to their rinse water. When the curtains are left to dry on the line, they should be wrinkle free.

If your pewter coffee pot has corroded inside, fill it with warm water and add a tablespoon of baking soda. Let stand until the pot is clean.

In the Kitchen

TOSTADA STACK-UPS

2	cups chopped fresh tomatoes
1/3	cup sliced green onion
2	teaspoons finely chopped hot cherry peppers
1	teaspoon salad oil
1/4	teaspoon garlic salt
4	tostadas (crisp fried tortillas)
4	cups shredded lettuce
1	cup shredded sharp Cheddar cheese
	Bottled low calorie salad dressing

In bowl, combine tomatoes, onion, pepper, oil and garlic; chill. Top tostadas with lettuce, cheese and tomato mixture. Serve with dressing if desired. Makes about 2 cups sauce. (4 servings — 207 calories per serving.)

Fix-It Tip

Warped siding can be drawn back into place with nails or screws. Drill holes first to prevent further damage.

Sometimes the board is too badly damaged to repair. Replacement then is in order. Remove the damaged piece and prepare another of the same size to replace it. Remove the old piece carefully so that you don't damage the board above it.

Very gently pry up the board with a chisel or a pry bar. Cut the nails with a keyhole hacksaw. Cut away the damaged portion with a straight saw (hacksaw).

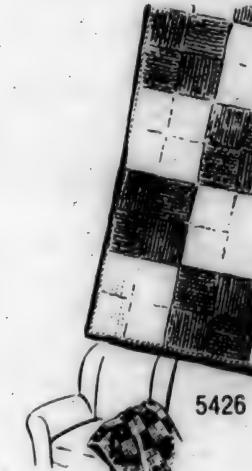

Tizzy

"I've noticed that since I've gone on a diet, I have a lot more repeat offers to baby sit!"

Stir-Frying Vegetables ...

For exceptional texture, flavor and appearance of summer vegetables, try the stir-frying method - the Chinese way of preserving the natural color, flavor and optimum food value of cooked vegetables.

For added attraction, try giving the vegetables interesting shapes, cut diagonally, round, in strips etc. A mixture of color is most appealing. When stir-frying vegetables start those that need longer cooking first.

To stir-fry vegetables, melt a little butter or margarine in a heavy frypan, add vegetables and salt. Add a little water if necessary to prevent scorching. Cover frypan, heat quickly to form steam, then lower heat and cook only until tender crisp.

What to stir-fry: green beans, celery, peas, carrots, peppers, eggplant, onions etc. Write to me for additional information on stir-frying vegetables.

Program Golden opportunity

"A golden opportunity." That's how Reeve Graham Bell of the Townships of Marmora and Lake describes the 1974-75 winter works program announced by the Ontario Ministry of Treasury, Economics and Intergovernmental Affairs last month.

"We received the letter from the ministry around mid-July, and it noted all requests for capital projects under the program had to be in by August 12."

The townships has been overcrowded in its current facility along side the Village of Marmora offices in the Marmora Town Hall for some time now, and councillors have been anxious to proceed with the erection of a new building as soon as funds would permit.

The call for applications for the new winter works program presented the township with its chance, and the reeve took the reins.

"When I went to Toronto for the Association Municipalities of Ontario convention August 4-7, I went to Queen's Park to see what we could do about getting some money for our project."

"I received the proper papers, left the convention early, came home, and called a special council meeting to get official approval for an application."

"The council was unanimous, the forms were made out, and we mailed them on a Thursday in order to meet a Monday submission deadline."

A reply from the province, dated August 21, and received by the township over the weekend, noted provincial approval had been granted in an amount up to \$23,940.

"We are very, very pleased," the reeve told the Herald.

"It's a wonderful thing for the township to take advantage of. It will not only serve to provide winter employment, but the finished structure will be a major asset not only for the residents of the township, but for the residents of Marmora Village as well."

"The Ontario government is to be commended for making such money available to assist the smaller municipalities in our province."

A Heritage highway?

Whether or not Highway 2 should be designated as a "Heritage Highway" was one of the subjects discussed at the regular monthly meeting of the Highlands of Hastings Tourist Region.

In a letter to the organization, the Salmon River Motel had informed the members that the highway had originally been designated as a Heritage Highway but that signs denoting the fact had later been removed.

They also protested the designation of Highway 33 as a Heritage Highway.

Anyone interested in joining the Madoc Merry Mixers Square Dance Club is welcome to do so.

The group is planning a dance for the home of Grant and Lela Gaebel September 4 to launch the fall season, and all interested are welcome to attend.

The club had two dances over the summer. A dance, swim and barbecue

FROST RESIGNS

"With friends like those, who needs enemies"

By RUBY MCCOY,
Staff Writer

Roy Frost has resigned as president of Local 4854 of the United Steelworkers of America, effective September 1.

Lack of co-operation on the part of the area, district and national union officials was given by Mr. Frost as the reason for his resignation.

He said he has removed himself from the office of president to see if it will bring about a change.

Vice-president Bill Jones has the option of accepting the position or, in the event he decides against doing so, calling an election to elect someone else. Mr. Jones has until next Sunday to make a decision.

Mr. Frost indicated he is very dissatisfied with the support the Local executive received from USWA officials who replaced Area Representative Bill Powell during last week's negotiations with Marmoraton Mining Company over local contract issues.

"We got what the Company wanted to give us," he said bitterly, adding that the negotiations were an exercise in futility.

Area representative Powell suffered a heart attack some time ago and is in hospital in Peterborough but Mr. Frost said the lack of co-operation from that office dates further back than that. In fact, Mr. Frost claims that during his four years as president of Local 4854 he has been constantly frustrated by the lack of support from the entire organization.

In the 30 years he has been involved with unions, he has never seen such lack of co-operation on the part of officials, Mr. Frost added.

"With friends like those fellows, who needs enemies," he said, referring to the union brothers who sat in on the meeting with the company and union executive.

Mr. Frost's letter of resignation has been sent to the area, district and national office in Toronto. The Marmoraton Mining Company was notified on Monday morning following the open meeting of the membership at Marmora Town Hall Sunday.

Renovations on the Madoc Review Limited premises, Madoc, are currently undergoing renovation. When finished, the building will house separate departments

for the newspaper, commercial printing and stationery store. Stan Goula is seen erecting the new walls. [Madoc Review Photo by Karen Jones.]

Twp. reeve unveils plans

By DON MULLAN

A new municipal complex to house the offices of the Townships of Marmora and Lake, and possibly the Crowe Valley Conservation Authority, will be built behind the present Marmora Village Hall.

Townships Reeve Graham Bell announced plans for the building today.

The approximate 2,200 square foot two-storey building will cost approximately \$50,000, of which the Province of Ontario will pay up to \$23,940 of labor costs.

The building will be fastened to the existing building; the Marmora Village Council already having given verbal approval of the plans.

The lower floor will contain a modern kitchen facility and offices. The kitchen will be for use by people using both the old and new premises, and the offices will be designed to suit any tenant interested in renting same. The Crowe Valley Conservation Authority is said to be interested, and negotiations are proceeding.

The second storey will contain a council chamber, which could be used for a variety of meetings, and two other offices. One will be used by the township clerk-treasurer and the other will be available for use by elected members of council and for use in tax collecting.

The chamber will also be used by the Ontario Municipal Board for public hearings in the area.

The gravel driveway running along side the building will be paved and will lead to a new parking facility behind the building.

Architect's plans for the premises are to be drawn right away, and construction is being planned to commence around December 1.

"We will be using all the local tradesmen we can," Mr. Bell told The Marmora Herald.

Province to aid cost

The Province of Ontario, through federal government funds, is going to underwrite close to 50 per cent of the cost of the new municipal complex being planned by the Townships of Marmora and Lake.

L. J. Close, senior advisor to the Intergovernmental Finance and Grants Policy Branch of the Ontario Ministry of Treasury Economics and Intergovernmental Affairs, has informed the township that the department will pay up to \$23,940 of the labor costs of the building.

Estimated cost of the structure is around \$50,000.

Reeve Graham Bell told the Herald today that the money is not a grant, but will come to the municipality by way of a forgiveable loan.

"We will receive 100 per cent of all labor costs incurred between December 1, 1974, and May 31, 1975."

If the building gets started around December 1, as planned, the township should have no trouble having the structure completed long before the May 31st date.

Merry Mixers welcome new members

party was held at the home of Harry and Ruth Ashton July 20 and a patio party, dance and barbecue was held at the home of Stan and Lillian Franks August 17.

At an executive meeting it was decided the club and class would dance together every Wednesday evening at 8 p.m. at the Madoc Public School.

There will be two free dances, September 11 and 18, with registration September 25 for those wishing to join.

The following people comprise the club executive and will be happy to pass along information to those interested.

President, Grant and Lela Gaebel, Madoc.

First vice-president, Milton and Lois

Elliott, Tweed.

Second vice-president, Wilbur Ethel Bateman, Tweed.

Secretary, Stan and Lillian Franks, Madoc.

Social committee, Peter and Iren Bates, Madoc.

Decorating committee, Ruth Ashton and Aileen Pigden, Madoc.

Madoc Village

council notes

Madoc Village Council, at its last regular meeting:

Passed a bylaw authorizing construction of water and sewer services on Nelson Street.

Asked the clerk to contact Clarke Rollins, Hastings MPP, to arrange a meeting with the minister of the environment with regard to future water and sewer works.

Authorized the reeve and clerk to execute an agreement with the County of Hastings, appointing the county building inspector as plumbing inspector to provide and enforce plumbing inspections in the Village of Madoc.

Requested Madoc OPP to continue to provide a crossing guard on Elgin Street during the school year.

✓ Citizens of Hastings Manor guests for the event come and visit with them.

✓ Bring your friends, family and visitors.

✓ Wear a centennial-type costume if you have one and have a real old fashioned afternoon visit.

Women Family

Around the village....

Bill and Eva Baker, Nelson St. Madoc, along with their children Kim and Dale, spent an interesting few days last week touring Ontario. They visited Lindsay, Orillia, Tilsonburg, Marine Land at Niagara Falls and the African Lion Safari at Rockton, outside of Hamilton.

Bill and Dee Dee Wilhemsen, Wellington Street have as their guests Dee Dee's mother and aunt - Mrs. H. Van Brandenburg and Mrs. H. Sessink, both from Huissen, Holland. They have each been to Canada several times and are thoroughly enjoying their stay. Returning early in September, they will have been here a month.

Nancy Falladown, daughter of Bill and Liz has returned from a two-week stay in Oromocto, N.B. and P.E.I. Flying back to Ottawa, she has many souvenirs and memories of an interesting vacation.

Gail and Milton Robinson of R.R. #1 Madoc have just returned from a two-week trip to the west coast. Driving out through Canada and returning through the U.S.A., they visited among other places, Vancouver, Seattle and High River, Alberta. Milton had at one time worked in High River and enjoyed seeing old friends there.

Visiting with Mr. and Mrs. Dave Handley of R.R. #4 Madoc are Megan and Janet Handley from Cheshire, England. While in Canada, for three weeks, they have enjoyed trips to Quebec City, Montreal, Renfrew, Peterborough, Kingston and Belleville. Future expeditions to Ottawa, Toronto and Niagara Falls are planned before Megan and Janet return to work in England next month.

Engagement

Mr. and Mrs. Buck Carswell are pleased to announce the engagement of their daughter, Marlene Teresa Carswell, to Mr. Kenneth David Bronson, son of Mr. and Mrs. Thomas Bronson, R.R. 1, Tweed. The wedding will take place in St. John's Anglican Church, September 14th, 1974.

Phone your social news to 473-4470.

There's no charge.

One of the last

Miss Susan Brintell, daughter of Mr. and Mrs. J. Brintell, Millbridge, was a member of the sixth and last graduating class of York Regional School of Nursing and the first class of Seneca College Nursing Program on August 16, 1974, at Willowdale. She has accepted a position at The Hospital for Sick Children.

Mrs. Wm. Derry, Prince Albert St., had as her guests over the weekend, Mr. and Mrs. Norman Derry and their children, Paul, Martha, and Rachel, from Peterborough.

Mr. and Mrs. Doug McGowan with Ann and Jimmy from Peterborough enjoyed a weekend with their mother, Mrs. Hilda McGowan. Also visiting for the weekend was Mrs. Myra Cotten from Kingston.

Madoc W.I. group enjoys plant tour

A number of ladies of the Madoc Womens Institute took advantage of the nice, hot, sunny August weather to take a tour of the Brooke Bond plant at Belleville, where they saw many of the raw spices and the process they go through before we receive them in our stores. Oxo was being made the day of the ladies visit so the process could be followed from the cooking vat through the cube stage right to being boxed and packed for shipment.

Each lady was treated to a bag of samples and a cup of coffee. This was a very interesting tour.

The ladies then continued on to Zwick's Island where they had their lunch and took a tour of the museum, where they saw many reminders of Grandma's day including clothes, dishes, cooking utensils and many old books in the Moodie Library.

Everyone thought it was a day well spent even if it was a hot one.

Many winners at competition

By KAREN JONES,
Staff Writer

Many winners were declared during the Quinte Agricultural and Inter-Club Demonstration Competition at the Quinte Fairgrounds last week.

The 4-H and Junior Farmers contestants were from Lennox & Addington, Prince Edward, Northumberland and Hastings County. The contestants were tested on judging of dairy and beef cattle, horses, swine, field crops and general knowledge.

Hastings had four out of seven winners to emerge as intercounty competition winners.

Demonstrations were given by two representatives from a Lennox & Ad-

dington Club and by two members of the Stirling Calf Club.

Results were as follows:

Top overall scoring contestant, Tim Wellbanks, R.R. 8, Picton.

Top junior scoring contestant, Carl Huffman, R.R. 1, Corbyville.

Runner-up in junior section, Terry Jarrell, R.R. 6, Belleville.

Top scoring intermediate contestant, Jim Taylor, R.R. 1, Shannonville.

Runner-up intermediate contestant, Greg Langstaff, R.R. 5, Belleville.

Top senior contestant in competition, Tim Wellbanks, R.R. 8, Picton.

Runner-up senior contestant, Lorne McGee, R.R. 2, Hastings.

In days of yore...

50 YEARS AGO

The Sacred Heart Church, Madoc was the scene of a very pretty wedding, Monday, August 25th when Miss Matilda Forestell became the bride of Mr. William Cassidy. Rev. Father O'Riordan celebrated the Nuptial Mass. The bride, who was given away by her father, entered the church to the strains of Lohengrin's Wedding March, played by Miss Luella Forestell. Miss Myrtle Forestell acted as bridesmaid, while Mr. Phillip Leveck supported the groom. Following the ceremony the guests retired to the home of the bride's parents where a reception was held. After a short honeymoon the happy couple will leave for their home in Los Angeles, California.

About three o'clock one morning last week Mr. Dowling, living near the village of Stoco, was awakened by the screeching of a bird in a nearby tree. Upon opening a door he spied a large member of the feather tribe and raising a firearm brought the bird to the ground. Not being seriously wounded, the bird which proved to be a cat owl, walked off through the field, Mr.

Dowling following in his bare feet and scantily clothed. Thinking it better to make sure of his game he took the owl to his home, where after a few blows with a club he believed he had finished the owl's depredations once and for all. Leaving the bird Mr. Dowling once more retired, but on getting up for the day, about six o'clock he perceived the owl strutting about quite vigorously once more. On despatching the bird he was surprised to find it measured 4 ft. 11 in. from tip to tip of wings, legs 12 in., across feet 5½ inches, bill 3 in., while the claws were 12½ inches long.

24 YEARS AGO

Early this week Mr. Frank Lake, a bed patient for over six years at his home in the Bancroft district was the recipient of a beautiful bed mattress, presented to him by L.O.L. No. 160, Madoc, and delivered by an old resident of the Bancroft district, Mr. Manley Baumhour, who now resides in Madoc. Mr. Lake has also received cash donations from the lodge, through the courtesy of Mr. Baumhour, who is now a

News of the past from the files of the Madoc Review

member of Madoc Lodge.

Madoc Legion Softball team defeated Tweed Legion 16-10, in the first game of the district league playoffs, played in Tweed on Wednesday night. This is the best of a three-game series and the second game is scheduled for the Madoc Armouries grounds on Friday night of this week. The winner of this series will meet the Ajax Legion team in the second round of the Ontario Legion playdowns.

Sixty young people of the Hastings County Calf Clubs, Grain Clubs, Girls' Garden Clubs and Club Leaders attended the Canadian National Exhibition on Monday, August 28th. Transportation was provided by two buses. One bus went through Tweed, Madoc and Marmora, while the other bus picked up its load in Stirling and Belleville early Monday morning. The buses arrived at the C.N.E. at 12 o'clock noon and the boys and girls met the buses again at 7 o'clock and started for home. Transportation costs for each person going on the trip was \$4.00, and the Canadian National Exhibition provided the admission tickets free.

15 YEARS AGO

Two lots on Wellington Street, next to Harry Tufts residence, have been purchased from him for the purpose of building a new Pentecostal Church in Madoc Village. The new church is to be 30 x 60 ft. and will be of solid brick construction. Work on the building is to start immediately and Rev. J. F. Bunner, the minister, said today it is expected it will be completed by Christmas.

Madoc Juniors won the second round of Ontario Junior "C" Softball Playoffs and will now meet Port Perry in the first game of the third round at the Madoc Ball Park this Saturday night. Madoc took the series from Collins Bay in two straight games, winning the first game which was played in Madoc 17-1. The second game was played at Collins Bay last Saturday afternoon when the Madocers took a 10-6 victory, after trailing 4-0 and 5-1 in the fourth and fifth innings.

A fine representation of brethren of Hastings County Black Preceptory of Orange attended church service
